TURN OUT THE HEBREWS.

Roumania Pitilessly Expels Them.

Two Thousand Women and Children Flee Over the Austrian Border.

Perfect Says One Christian Soul Is Worth a Million Lives of Jews.

When Declared Unworthy to Rule He Rebels—Troops Are Demanded.

(BY THE ASSOCIATED PRESS—P.M.) VIENNA, March 19.—According to a telegraph received here from Bucharest, an Austrian town close to the boundary of Roumania, Roumanian troops have been ordered to the Austrian frontier police station at Iltanki and Sucaswa, the anti-Jewish outbreak in Roumania is assuming serious proportions. At Iltanki, the peasants have attacked the Jews, who are fleeing over the frontier at Iltanki. About 2000 fugitives, mostly women and children, already have crossed the frontier. Other reports declare that further serious disturbances have occurred at Botosani, where the peasants have set fire to the houses of Jews, and as a result almost the entire town is in flames. The Jewish Alliance of Vienna is preparing to take care of the Roumanian fugitives. Further reports from Botosani say that during the rioting there, March 17, four peasants were killed and two soldiers mortally wounded. CALL FOR ARMY RESERVES. Both houses of Parliament today passed an urgent bill authorizing the government to call the army reserves in the colors for a fortnight or longer if necessary. It is reported that many companies of reservists are preparing to enter today. The prefect of that district has telegraphed to the government asking that a large number of troops be sent there. Students here are agitating the Jewish population in fear of excesses. The following official version of the riots at Botosani has been given out. In consequence of the agitation going on in Botosani and neighboring districts of upper Moldavia, several hundred peasants from the Botosani district raided a number of houses and shops in the town, including the premises of some large Jewish firms. The military sent against the rioters were fired upon and stoned and were finally compelled to leave their weapons. They killed and left four men killed and nine wounded. CONTENTS ALL HEBREWS. Telegrams received at Vienna from Bucharest declare that the Prime Minister, Cantacuzescu, demanded of the prefect of Kasescu, in the Botosani district why he did not maintain order in his district. The prefect replied, according to these reports, that no Roumanians were in danger, while as for religion, he would not give one Christian soul for a million Jews. When the prefect was informed by the Premier that he was unfit for his post he answered that he would not resign, but that he was ready to be dismissed. Baron Von Aehrenthal, the Minister of Foreign Affairs, has addressed an urgent appeal to the Austrian people on the Roumanian frontier to offer shelter and protection to all Jews driven out of Roumania and as a result the refugees are being kindly received in Austrian territory.

REVEALED RUEF NOW PLANS REVELATION.

Betrayed by Supervisors, He Decides to Tell of Guilty Grafts.

Erstwhile Municipal Boss of Bay City Almost Prostrated by Confession of Those Whom He Thought Would Protect Him—Declares He Will Startle the Country When Time Comes—Sensation Promised.

HORACE MARVIN FOUND AT LAST.

BOY WHO WAS KIDNAPED REPORTED IN ERIE.

(BY DIRECT WIRE TO THE TIMES.) ERIE (Pa.) March 19.—[Exclusive Dispatch.] Horace Marvin, Jr., who, on March 1, was kidnapped from the home of his father, Dr. Horace Marvin, at Kitts Hammock, Del., in this city awaiting identification by a relative, who is expected to reach this city tomorrow. The child is in the custody of Attorney A. P. Howard, who refuses to produce him to view, but who has satisfied the authorities that he has taken proper precautions to prevent the boy's disappearance, or the escape of those who have him directly in charge. Howard insists upon an indemnity bond in the sum of \$10,000, and plans to have a detective stationed in the house, who can make an arrest at the proper time. Howard made the statement this afternoon that he had the boy after he had been in conference with Pinkerton men from Buffalo and Pittsburgh and with Chief of Police Edward Wagner. The house in which the boy is a prisoner is a secret to the police authorities. Howard says that he found the boy there in the custody of a man and a woman. He suspected the identity of the child, and planned to look for the supposed kidnappers. PESTILENCE ON SHIPS. NEW ORLEANS, March 19.—[Exclusive Dispatch.] A Spanish steamship Cayo Soto, which arrived at the Mississippi River quarantine station today from Cuban ports, via Mexican ports, had one case of yellow fever, which is now convalescent. The patient was transferred to the station hospital, and the ship will be held six days under observation. She was thoroughly fumigated. METRIC SYSTEM CARRIES. COPENHAGEN, March 19.—The upper house of the Danish Diet today passed a bill carrying the adoption of the metric system of measures in Denmark. This bill has now been approved by both houses. M'KISSICK PROMOTED. CHICAGO, March 19.—Louis McKissick, electrician of the Western Union Telegraph Company, with headquarters at Chicago, has been appointed assistant general superintendent of the western division of the Western Union Telegraph Company, with headquarters at Chicago.

ACTING MAYOR JAMES L. GALLAGHER of San Francisco, who is said to have peached on the grafters.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, March 19.—[Exclusive Dispatch.] The San Francisco graft case has been brought to a head. The only people allowed to visit the prisoner are his attorneys and members of his immediate family. Ruef is not permitted the freedom of the hall, any more, and is not allowed to leave the hotel for any purpose. He is evidently under an intense nervous strain, and it is considered likely he may suffer a nervous breakdown at any moment. Today the report which was circulated that Schmitz had fled from the city, disturbed Ruef more than anything else. The possibility that the indicted Mayor had succeeded in escaping from the net of justice, which is tightening around him, made Ruef more indignant. William J. Burns assured the prisoner that Schmitz had not run away, but Ruef refused to be convinced. WORK ONLY JUST BEGUN. Francis J. Heney desires to be publicly understood that in spite of the recent great victories against the grafters, the work of the grand jury is only just begun. With the publication of the news of the confessions of the Supervisors, the impression prevailed that the work of the grand jury was over. In order to effectively stamp out all corruption in our civic life, and to eradicate the sources whence it has sprung, it will be necessary to keep on our part still. I shall not rest until the task is finished. There is an enormous work ahead of the grand jury to do. SECRETARY MAINTAINED. No intimation has been given as to what new matter will be called to the attention of the grand jury, but the prosecution is known to have evidence of a number of cases, the nature of the investigation into the granting of the trolley franchise to the United Railroads. Although a number of indictments have been found, the work of the grand jury has not been finished. It will be necessary to call new witnesses to be called in the view of the conflicting reports as to the number of Supervisors who are said to have made graft confessions to the grand jury. It was considered advisable to make a definite statement on this matter. Tonight Heney said: "Every member of the Board of Supervisors and acting Mayor Gallagher and Sanderson have told all they know, under oath, of the municipal graft. In the trolley franchise case, it is announced that the essential evidence for conviction of bribery is now complete. It is upon this evidence that most of the indictments will be returned this afternoon. ALL MUST SUFFER. Heney cleared up another point to-night which was clouded in doubt by making the statement that the testimony of the hoodling Supervisors before the grand jury does not absolve

HE ONLY LAUGHS.

Harriman Scoffs at Rumors.

Denies Ripley's Statement and Questions Its Authenticity.

Senator Clark Also Contradicts Wall Street's Gossip.

Bond House Reported to Be Tottering, Causes Another Flurry.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, March 19.—[Exclusive Dispatch.] Cable advice received here today by Consul-General Fernandez of Honduras leads him to seriously doubt the report that Truxillo has been captured. He says that General Quirós and Gallardo have gone to the defense of that town with a large force and that they are well fortified and that while the Nicaraguan ships Omotipe and San Jacinto and several schooners have been about four leagues off the town they had not made an assault yet. Several merchants in this city doing business in Porto Cortes and Celba received letters and cables from their patrons in those towns urging that steps be taken to protect their interests as they were expecting an attack by the Nicaraguan fleet. Two merchants received cable cancellations of large orders. Not a word has been heard of the Honduran warship Olympia and the gunboat Latumba which left Porto Cortes over a week ago with 600 men bound for Truxillo. Those familiar with the situation there would not be surprised to hear of the capture of Bluefields by this expedition. CAN CROSS SEA IN FOUR DAYS. SUCH IS NIXON'S CLAIM FOR NEW TYPE OF ENGINE. Thinks Invention Will Clip Two Days from Atlantic Passage—Five Screws With Six Thousand Horse Power Each and Gas Fuel Turn the Trick. (BY DIRECT WIRE TO THE TIMES.) NEW YORK, March 19.—[Exclusive Dispatch.] At a dinner tonight in the West End Hotel, in Tottenham, Staten Island, given by C. G. Kelt to a group of friends and residents of the place, Lewis Nixon made first announcement of a large manufacturing establishment he is soon to establish in Tottenham, and added that one of the first products of the plant would be an engine that would drive a large ship across the Atlantic in four days. He said the plans and patents for the engine had been obtained, and that arrangements had been made to place it in one of the largest ships afloat. Concerning the engine he said there was no longer any question that it would drive the ship across the ocean in four days, and that other engines of the type would be constructed as rapidly as possible. If the test of the first proved all that was hoped for it, Nixon said the ship would be fitted with five screws propellers and with 6000 horsepower for each. The engines, he said, would be of the standard type gas engine, using as fuel gas made from crude petroleum, and each of the six engines will be double acting and reversible. WIFE-BEATER BADLY BEATEN. Mob Takes Him Out of Jail and Administers Blows Until He Cries for Mercy. (BY DIRECT WIRE TO THE TIMES.) WINLOCK (Wash.) March 19.—[Exclusive Dispatch.] Indignant because E. C. Cottrell had beaten his wife, a mob of men took him, early this morning, from jail, where he was confined for his offense, and paid him in kind for the attack that he made upon his wife. After whipping the wife beater until he begged for mercy and promised not to molest her further, the men returned him to his cell. Cottrell, who is proprietor of a local restaurant, was arrested yesterday afternoon, after neighbors had saved her from a severe drubbing at his hands. Under the care of Marshall Rountree he went to his wife, whom he had beaten, to beg her to go on his bond. Upon her refusal, he hit her in the face, knocking her down. He then attempted to jump on her, but was restrained. The mob broke in the jail at 1:30 o'clock this morning. Cottrell was turned over a barrel and flayed with the tug of a heavy harness. GOV. HAGERMAN GUILTYLESS. SANTA FE (N.M.) March 19.—It was shown conclusively today that the twenty-three deeds to Territorial lands in the Montezuma mountains, purchased at \$1 an acre by the Pennsylvania Development Company, in evasion of a Federal statute, were signed and executed in the administration previous to that of Gov. Hagerman and that their delivery and sealing by Gov. Hagerman was merely nominal. The department of the interior has a previous investigation of this matter, completely exonerated Gov. Hagerman from all blame. SEUVIC STILL IN DANGER. LONDON, March 19.—The White Star steamer Seuvic, which ran ashore near the Lizard lighthouse on the night of March 17, is still in an exceedingly dangerous position. She has shifted slightly, and is now leaning over to starboard. There appears to be but little chance of refloating the steamer. The seas are running high, and it is thought that if she remains long in her present position she will break in two. The work of salvage has had to be discontinued. CANAL SUITS THEM. KINGSTON (Jamaica) March 19.—The Payne party of United States Congressmen, which has been inspecting the work done on the Panama Canal, arrived here today from Colon. The travelers declare themselves highly satisfied with the progress made in the construction work. TRAIN IS HELD UP. YKATERINOSLAV (Russia) March 19.—Ten armed men held up a train on the outskirts of this town today and secured \$200 in cash with which they made their escape. EMIGRANT RATES REDUCED. MELBOURNE, March 19.—The Victorian cabinet has authorized Premier Keene, who leaves here for England, to arrange for the transportation of emigrants to Victoria at a transportation rate cheaper than that allowed to emigrants that go to Canada. (Continued on Second Page.)

CORTELYOU DEMANDS GILT-EDGE SECURITY.

New Secretary of the Treasury Reverses Ruling of Shaw That National Banks May File Bonds of a Doubtful Value to Cover Deposits.

WASHINGTON, March 19.—[Exclusive Dispatch.] Secretary of the Treasury George B. Cortelyou, with the approval of the President, has determined that in the future no more railroad, State or municipal bonds will be received by the Treasury Department as security from national banks for government deposits or to secure circulation.

This reversal of Secretary Shaw's policy, Secretary Shaw established the practice of receiving State, city and railroad bonds which at the time was denounced as "revolutionary." The Comptroller of the Treasury, at the time, did not believe that it could legally be done, but Secretary Shaw persisted and immediately on his announcement of the policy, \$90,000,000 worth of bonds, other than government, were received at the treasury to secure deposits and to increase national bank circulation. Secretary Cortelyou has most decided views upon the subject of acceptable securities and the recent break in the market convinced him that the safest and most acceptable of all securities are those guaranteed by the government. The Secretary does not propose that the miscellaneous collection of State city and railroad bonds shall be immediately withdrawn and replaced with government bonds. There are now about \$55,000,000 of these bonds in the treasury as security for government deposits and to secure circulation by national banks. Of this amount \$15,000,000 is in railroad bonds. When the time comes for the renewal of this \$15,000,000 worth of bonds it will probably be refused. MAY WITHDRAW GRADUALLY. In order to prevent any undue disturbance of financial conditions, Secretary Cortelyou will permit the banks having other than government bonds on deposit at the treasury to gradually withdraw them and replace them with government bonds. He will not, as has been stated, insist that they be immediately replaced with government bonds. Cortelyou is anxious to return to the old methods in vogue in the treasury before the administration of Secretary Shaw. Financiers pronounced Shaw's innovations "revolutionary" and bitterly criticized him for weakening the banking system of the country. It is well known in the Treasury Department that at one time during Shaw's tenure, in accepting railroad bonds from a national bank, to secure government deposits, the treasury received bonds of a series numbered "C." when it was believed they were getting series "A," but the difference was not discovered until after the bank had been given the money. The difference between "A" series bonds and "C" series bonds was about 15 per cent, and had the bank failed at that time the government would not have been able to recover more than 85 or 90 per cent of the deposits it had made with this bank. Financiers have all along felt that it was a risky proceeding to accept railroad bonds and State and municipal bonds.

With the publication of the news of the confessions of the Supervisors, the impression prevailed that the work of the grand jury was over. In order to effectively stamp out all corruption in our civic life, and to eradicate the sources whence it has sprung, it will be necessary to keep on our part still. I shall not rest until the task is finished. There is an enormous work ahead of the grand jury to do. SECRETARY MAINTAINED. No intimation has been given as to what new matter will be called to the attention of the grand jury, but the prosecution is known to have evidence of a number of cases, the nature of the investigation into the granting of the trolley franchise to the United Railroads. Although a number of indictments have been found, the work of the grand jury has not been finished. It will be necessary to call new witnesses to be called in the view of the conflicting reports as to the number of Supervisors who are said to have made graft confessions to the grand jury. It was considered advisable to make a definite statement on this matter. Tonight Heney said: "Every member of the Board of Supervisors and acting Mayor Gallagher and Sanderson have told all they know, under oath, of the municipal graft. In the trolley franchise case, it is announced that the essential evidence for conviction of bribery is now complete. It is upon this evidence that most of the indictments will be returned this afternoon. ALL MUST SUFFER. Heney cleared up another point to-night which was clouded in doubt by making the statement that the testimony of the hoodling Supervisors before the grand jury does not absolve

(BY DIRECT WIRE TO THE TIMES.) guarantee not to turn State's evidence against the corporation potentates. The only people allowed to visit the prisoner are his attorneys and members of his immediate family. Ruef is not permitted the freedom of the hall, any more, and is not allowed to leave the hotel for any purpose. He is evidently under an intense nervous strain, and it is considered likely he may suffer a nervous breakdown at any moment. Today the report which was circulated that Schmitz had fled from the city, disturbed Ruef more than anything else. The possibility that the indicted Mayor had succeeded in escaping from the net of justice, which is tightening around him, made Ruef more indignant. William J. Burns assured the prisoner that Schmitz had not run away, but Ruef refused to be convinced. WORK ONLY JUST BEGUN. Francis J. Heney desires to be publicly understood that in spite of the recent great victories against the grafters, the work of the grand jury is only just begun. DENIES STORY
OF TAFT BOOM.Hansbrough Says President
Did Not Talk.Discussion With Deane Was
of Chicago Politics.Meeting With War Secretary
Only Accidental.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, March 19.—(Exclusive Dispatch.) Senator Hansbrough of North Dakota, after a talk with the President today, quoted him as denying in toto the story that at his conference with Gov. Deane of Illinois last Saturday he had broached the Taft boom for the President.

"I want to know as a friend if this story is true," said Senator Hansbrough to the President, and the reply was: "As a friend you have a right to know."

"The President then said," continued Senator Hansbrough, "that there was no mention of politics at the conference except after the Chicago University campaign, that Secretary Taft's meeting with Gov. Deane was entirely accidental, though none the less cordial, and that there had been no mention of the Taft boom."

REAPER CLAIMS
NOTED RUSSIAN.COUNT VLADIMIR LAMSDORFF,
FORMER MINISTER DIES.

Was Possessed of All the Orders
of Slav Empire, and Has Long List
of Honors Bestowed Upon Him in
Czar's Service—Was in Foreign Of-
fice Many Years.

(BY DIRECT WIRE TO THE TIMES.)
SAN REMO (Italy) March 19.—(Exclusive Dispatch.) Count Vladimir Lamsdorff, the former Russian Minister, died here this evening at 11:15.

He possessed all the orders of Russia, including the Grand Cordon of St. Alexander Nevsky, since 1892. He was born at St. Petersburg, De-

cember 25, 1844, and was the son of Count Nicholas Lamsdorff, A. D. C., general to the Emperor Alexander II, and grandson of Count Matthei Lamsdorff, tutor to Emperor Nicholas I. He entered the Foreign Office in 1868, but was transferred to the chancery of the Foreign Office in 1872.

He became first secretary in 1873, director of Chancery in Foreign Office in 1882, senior councillor of Foreign Office in 1886; acting principal foreign minister in 1890; acting principal foreign minister in 1891; Secretary of State in 1892; gentleman of the Chamber to the Emperor, 1895; chamberlain to His Majesty the Emperor, 1897; master of the court, 1898; accompanied the Emperor Alexander III to Livadia in 1879-80 and 1880; accompanied the Emperor Alexander III to Danzig in 1881; to Skiernevitz in 1884; to Krenslin in 1885; to Livadia in 1886; to Zest-Litov, 1888.

COUNT PAUL LAMSDORFF,
former Russian Minister of Foreign
Affairs, who died at San Remo.

He became first secretary in 1873, director of Chancery in Foreign Office in 1882, senior councillor of Foreign Office in 1886; acting principal foreign minister in 1890; acting principal foreign minister in 1891; Secretary of State in 1892; gentleman of the Chamber to the Emperor, 1895; chamberlain to His Majesty the Emperor, 1897; master of the court, 1898; accompanied the Emperor Alexander III to Livadia in 1879-80 and 1880; accompanied the Emperor Alexander III to Danzig in 1881; to Skiernevitz in 1884; to Krenslin in 1885; to Livadia in 1886; to Zest-Litov, 1888.

He became first secretary in 1873, director of Chancery in Foreign Office in 1882, senior councillor of Foreign Office in 1886; acting principal foreign minister in 1890; acting principal foreign minister in 1891; Secretary of State in 1892; gentleman of the Chamber to the Emperor, 1895; chamberlain to His Majesty the Emperor, 1897; master of the court, 1898; accompanied the Emperor Alexander III to Livadia in 1879-80 and 1880; accompanied the Emperor Alexander III to Danzig in 1881; to Skiernevitz in 1884; to Krenslin in 1885; to Livadia in 1886; to Zest-Litov, 1888.

REVEALED RUFF.

(Continued from First Page.)

Indictments against Ruff and Schmitt in the trolley, telephone, water and other thefts will probably be returned tomorrow afternoon.

"If Ruff is convicted on every count in the indictments to be returned against him and sentenced according to the provisions of the Penal Code to full term of imprisonment that the law provides, he would have to serve 30 years in the State penitentiary," Heney declared.

The new indictments against Mayor Schmitt will prove nearly as numerous in the opinion of Heney.

As to the bribe-givers, Patrick Calhoun and Thornwell Mullaly of the United Railroads, Theodore V. Halley, formerly of the Pacific States Telephone Company, John A. Britton of the San Francisco Gas and Electric Company, officials of the Home Telephone Company and members of the "prize fight trust," and William A. Tevins of the Bay Cities Fair Company are all slated for indictment.

THEY CAN'T ESCAPE.

The fact that an indicted person is absent from the State may not save him. Extradition on an indictment by the grand jury is possible, and in the case of Halley, now in Manila, and Calhoun, now in Europe, it will probably be resorted to in order to bring them to the bar of justice should they refuse to return and stand trial.

The problem of removing the corrupt officials from office pending their conviction is a formidable one, but Heney thinks it will be solved. He is now preparing to conduct the legal ways and means by which these officials may be removed so that they will no longer be a menace to the public good, but has confidence that the problem will be successfully worked out.

The Chicago and Alton bond issue, alleged to be in contravention of its charter, issued by the State of Illinois, and the relation of H. H. Harriman thereto, is understood to have been the most important of the matters discussed between the President and Gov. Deane.

CASE ONE DAY
NEARER CLOSE.Both Sides in Thaw Trial Are
Reaching End.Entire Day Is Taken Up
With Experts.Smithely Jelliffe Under the
Cross-fire.

(BY THE ASSOCIATED PRESS-P.M.)

NEW YORK, March 19.—By prolonging his cross-examination of one of the seven witnesses introduced by the defense to testify that Harry K. Thaw was insane when he shot and killed Stanford White, Dist. Atty. Jerome made it impossible for the defense finally to close its case today.

When adjournment until tomorrow was finally taken, there was pending only the matter of the admission of a letter written by Thaw to J. D. Lyons, a Pittsburgh banker, which Delmas said would help to fix the state of Thaw's mind before the shooting. The tragedy, and the likelihood that Evelyn Nesbit Thaw will be called tomorrow to combat the testimony of Abraham Hummel.

Dist. Atty. Jerome hinted that an important witness for the prosecution might reach the stand tonight. The chances, however, are that a half day's session tomorrow will be sufficient to conclude the case before the week ends.

An adjournment then will be taken until Thursday morning, when Delmas will begin his summing-up speech. He will have all of Thursday to himself and the best reply on Friday. Justice Fitzgerald may charge the jury that evening, or he may for the first time hold court on Saturday in order to conclude the case before the week ends.

With the exception of the last few minutes of the day, the entire day was given over to expert testimony.

Dr. Smithely Jelliffe, one of the psychiatrists for the defense, was upon the stand yesterday afternoon when adjournment was taken.

"In your answer to the hypothetical question, doctor," began Jerome, "you interpret the question in the light of facts which are outside the question."

"Why, in a way, certainly. My knowledge of the alphabet allowed me to read the question, but there is nothing about insanity in the question."

"Did you answer it in the light of information furnished you about the defendant, not in the hypothetical question?"

"Did not."

"Did you have such information?"

"I did not, doctor, but I classified it."

"Did you deem this information of value?"

"I deemed it of value."

"But you excluded these facts in framing your answer?"

"No, for it is possible for the human mind to exclude such things, I did. I have tried to answer conscientiously."

Jerome produced a book edited by Dr. Jelliffe and took up each class of insanity mentioned in the book, one after another, and asked the witness if that was the class of insanity Thaw was suffering from when he shot White.

The cross-examination drew along as great length.

When Jerome came to the section relating to "dementia praecox paranoiac," and other diseases, he became insistent. Dr. Jelliffe declared Thaw was not suffering from any of the previously mentioned diseases.

"There is no such classification as paranoia, etc., contain the disease from which Thaw was suffering," asked Jerome.

"I have said I believed he was suffering from some sort of insanity. It could have been any one of a number of forms. It is impossible to say which."

"Did he, in your opinion, suffer from any one of the forms here enumerated?"

"It is possible he was suffering from dementia praecox."

"There are not enough facts in this question for me to do more than guess, and I am guessing the best I can."

"What about paranoia?" asked the District Attorney.

"I am not sure of my belief," replied Dr. Jelliffe. "H. T. K. was suffering a paranoiac state of insanity."

"What particular form of insanity was the subject of the paranoiac state?"

"There is not enough information in the hypothetical question to enable me to answer."

"Was it circular insanity?"

"I may have been—yes."

"Was it?"

"I have answered the best I can."

OFFER IS REJECTED.

CHICAGO, March 19.—Trainmen and conductors on the Chicago and North Western Railroad have rejected the recent offer of the general managers of the railroad to increase wages, according to a dispatch to the Record-Herald. The official canvasses of the referendum vote, which have been in progress for two days, show that the trainmen have voted to strike if their offer is not accepted, and the conductors, a strike of 5000 men is likely to result.

When the conference between representatives of the employees and the companies adjourned, February 27, it was with the understanding that the other conference would be held after the men had voted on the managers' offer. This second meeting is expected to be held next week. The managers have already offered to submit the entire controversy to arbitration, but it is stated that this proposition has also been rejected by the voting members of the unions.

TO CLEAN LONDON OF
MUNICIPAL GRAFTERS.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, March 19.—(Exclusive Dispatch.) An all-around financial house cleaning is demanded by the leading bankers and business men of London, who assert that the imperial and local expenditures must be reduced radically to avert disaster. The opponents of applied socialism charge these conditions to the recent expenditure of £2,000,000 on Irish land purchase and municipal work.

An investigation of the credit books of the London County Council was authorized today by the newly-elected moderate. This inquiry aimed at discovering not only how the money was spent, but what municipal enterprises were conducted at a loss and what at a profit. An investigation will also be made of the books of twenty-eight boroughs, councils and local boroughs affiliated with them.

Anti-municipalists assert the disclosures will deal a damaging blow to the notion that the English have outstripped the world in efficient and economical municipal government. They declare, on the contrary, that municipal graft, incompetence and extravagance, are commonplace through all grades of the municipal systems.

PITH OF NEWS FROM
THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, March 19.—(Exclusive Dispatch.) There was spring weather in Chicago today, and two hours in the afternoon the thermometer registered 62 degrees. Overcasts and heavy rains were discarded, and the sun shone brightly from 10 o'clock to 4 o'clock. The lowest temperature recorded was 41 degrees. A humidity of 82 per cent. rendered the mild temperature more oppressive. Middle West temperatures:

UNION OF CHURCHES.

The first steps for the union of all Protestant churches will be taken tomorrow when the general council representing the Congregationalists, Methodists, Presbyterians and United Brethren churches of the United States, convenes at the Union Park Congregationalist Church. The convention is held primarily for considering and formulating the union of the three above named churches, but it is stated that out of this union there may be formed a nucleus for all other Protestant churches. As to just what form the proposed union will take is not definitely known. It was a unanimous sentiment yesterday among the ministers that such a union will be effected. The name of this new union of the churches is also in doubt, but will be decided before the end of the convention. "The United Church" has been proposed.

RECORD POKER GAME.

A poker game, one of the largest in the city, was held at the Hotel de Ville last night.

LAFOLLETTE GIVES UP.

(BY DIRECT WIRE TO THE TIMES.)
MADISON (Wis.) March 19.—(Exclusive Dispatch.) Senator LaFollette tonight practically abandoned the field and his efforts to centralize his support upon Isaac Stephenson for United States Senator had failed.

ENGAGEMENT ANNOUNCED.

(BY DIRECT WIRE TO THE TIMES.)
KANSAS CITY, March 19.—(Exclusive Dispatch.) The engagement is announced of Miss Flora Wallace, daughter of Mr. and Mrs. D. F. Wallace of this city, and Capt. B. D. Shipley, the youngest brother of Sir William Shipley of England. They first met in London just after Capt. Shipley had returned from the Boer war.

PROCLAMATIONS
PROMISE LOOT.

CAPTURED NICARAGUANS TO
KEEP THE SPOILS.

Americans in Puerto Cortez on the American Coast—Are Principal Property Holders of Most Cities of Honduras—How Soldiers Sacked Choluluta Thirteen Years Ago.

(BY THE ASSOCIATED PRESS-P.M.)
PUERTO CORTAZ (Honduras) March 19.—(Via New Orleans, March 19.) A turn of central significance was given to the Central American war today by the finding on the persons of the captured Nicaraguan soldiers, proclamations promising them the loot from the first cities which they can capture in the Honduras cities.

Any doubt as to the completeness of such a loot is dispelled not only by the wording of the proclamation, but by the experiences had in 1890, some of the persons now living at Puerto Cortez, who were present at the looting of Choluluta, Honduras, Nicaraguan soldiers, aided by about 500 of their women, pillaged every house but one in the town.

How worst feature of the looting of Choluluta, which the proclamation recalls, was the indignities offered both to the women

DOCTOR SEES OWN LETTERS.

Faces His Confessions in the Courtroom.

Sidelights on Frauds Thrown in Hermann Trial.

Attempt to Show Motive of Commissioner.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, March 19.—Dr. Clark E. Loomis, who is under indictment in Oregon in what is known as the Hermann-Peter conspiracy case, and also in a federal case, was the principal witness in the Hermann trial here today. Dr. Loomis was produced by the government and his testimony was regarded as important to show, as United States Attorney Baker stated, that Hermann had reason to destroy his letter books, for which he is being tried.

Dr. Loomis said he had been a special agent for the land office in Oregon during the administration of President Harrison, and was reinstated soon after President McKinley was inaugurated, having been out during the Cleveland administration. He was dismissed shortly before Hermann returned from the land office.

He identified twenty-five letters which constituted a correspondence between himself and Hermann, as commissioner. Nearly all the letters to Hermann, the witness said, he had marked and regarded as personal and confidential, and learned for the first time today that they had been placed in the files of the land office.

The original files of Hermann were secured by the government from the papers of Dr. Loomis. A series of letters related to alleged falsification of accounts by Dr. Loomis and in one letter he begged to be allowed to resign.

Dr. Loomis admitted that he had "held up" S. A. D. Pater for \$500, with which to defend himself from certain reports he had made on twelve of Pater's homestead claims, and that he had previously received a like amount from Pater as expense money for examining and reporting on these claims. Pater has been convicted in what is known as the "seven-eleven" case. He is now here to testify for the government in the present case.

On cross-examination, Dr. Loomis said he had not informed Hermann that he had received this money. He claimed, "I would have been paid enough not to let any one know about it."

In a series of questions by Attorney Worthington, to ascertain if the witness had been promised immunity by the government's attorneys for testimony, it was ascertained that no such promise had been made, but that he had come to nothing so far as the witness knew.

He said an attorney named Hardy had approached him in Oregon during the pendency of the "seven-eleven" case, and said he could "fix it." Hardy was the government's attorney, and the witness several times. Finally Hardy told Loomis that "the government's attorney doesn't care a damn about the 'seven-eleven' case, but if you can tell them anything about Mitchell or Hermann—"

Objection by United States Attorney Baker interrupted the conclusion of the remark. It was moved to strike out the answer from the record, but Justice Stafford allowed it to stand.

However, when the witness began to detail conversations regarding immunity he had with Pater after the latter's conviction, other objections were interposed, and the adjournment of the day came before a decision as to admitting them was reached. A witness had stated he had received no promises in the present case.

WASHINGTON BRIEFS.

Relief for Sufferers.
WASHINGTON, March 19.—The United States army transport Buford will take a load of provisions to China for the relief of famine sufferers. The War Department advised the State Department today that this transport, which is now at Honolulu on its way to Shanghai, will carry a special party of Congressmen, who are to visit Honolulu, as guests of the citizens of the Hawaiian Islands.

Will Go on Mayflower.
WASHINGTON, March 19.—Secretary Taft and the party which is to accompany him to Panama, Cuba and Porto Rico, will go on the Mayflower, which the Navy Department has placed at their disposal.

BUY BOND ISSUE.
Adams, Phillips Company, of Los Angeles, Gets Securities Over All Bidders.

(BY DIRECT WIRE TO THE TIMES.)
SANTA ROSA, March 19.—(Exclusive Dispatch.) The county of Sonoma today sold to the Adams-Phillips Company, a private banking house of Los Angeles, \$250,000 in bonds for the new Courthouse of Sonoma county. There was strong eastern and Pacific Coast bidding for the securities, and after the bids were opened an offer of \$1000 more than the Los Angeles bid was forthcoming, but the Superior court awarded the bonds to the Adams-Phillips Company, as their bid was considered gilt-edged.

FALLING ROOF KILLS NINE.
TORREON (Mexico) March 19.—Nine persons, eight of them school children, were instantly killed today and many others injured at Durango, Mex., by the collapse of the roof of the public school building while the school was crowded with pupils. The dead include one of the teachers and eight members of her class. Scores were buried under the wreckage and debris and it is believed additional deaths will follow as many of the victims are dangerously hurt.

STRIKE TIES UP SHIPS.
HAMBURG, March 19.—The number of ships waiting in this port to discharge and take on cargo is increasing daily as a result of the continued strike of the longshoremen.

Speaking of the strike situation today Herr Ballin, director-general of the Hamburg American line, said it was impossible to obtain from abroad in a short time substitutes for all the locked-out stevedores, and that it would be possible within a fortnight. The shipping companies here are determined to persist in their present course and fight the strikers.

HE ONLY LAUGHS.

(Continued from First Page.)

tained \$30,000,000 and the others \$5,000,000 between them.

Mr. Clark was not in the city yesterday, being out on an inspection tour of the washed-out district. All the Salt Lake officials who could be seen last night agreed, however, that his report was utterly unfounded.

The Salt Lake Railroad officials insist that if there were any sale made either way, it would be more probable that Clark had bought out the Harriman interests.

On account of the repeated washouts in the Meadow Valley wash the Salt Lake has serious problems before it. Harriman has trouble enough now without acquiring these.

The main reason, however, for believing that Harriman is not in the purchasing class, as far as this road goes, is the sensational blow-up of the Union Pacific merger.

With the merger on his hands, it is argued that it is improbable that he would attempt to take another road, and especially one in trouble, such as the Salt Lake is at the present time.

The recent floods have caused staggering losses. The Salt Lake engineers are undoubtedly planning a railway to avoid the Meadow Valley wash, down which the flood waters rush.

STOCKS SLUMP AND REBOUND.

WALL STREET SPENDS FEVERISH DAY OF WORRY.

Rumors of Impending Failures Give Bears Opportunity to Depress Prices—Union Pacific Goes Down 7 1/4 Points, but Reaction Follows.

Close is Low.

(BY THE ASSOCIATED PRESS.—P.M.)

NEW YORK, March 19.—Heavy selling of stocks in the first hour of the day, without the announcement followed by persistent rumors that one or more stock exchange houses were embarrassed by losses sustained in the last few days, combined today to make the stock market sensitive and feverish throughout the day.

Losses on the slump during the opening hour ranged from 4 to 7 points. Union Pacific heading the list, with a loss of 7 1/4. Great Northern preferred, American Bond, and St. Paul suffering losses of five points and upward, and Northern Pacific 4 1/2.

A reaction followed, in which part of the early losses were made up, but the market continued to react and the late part of the day was one of sharp fluctuations. The close was a sharp reaction from this rally.

The passage of the delivery hour at 3 p.m., without the announcement of a fall in the market, and the fact that, with active covering, restored confidence, and there was a violent rebound in the last hour, when many of the active stocks regained their opening level. At the close there was a sharp reaction from this rally.

MELLEN MEETS THE PRESIDENT.

CONFERENCE HELD BUT STRICT SECRECY MAINTAINED.

Latest of Great Railway Masters Who Have Called at the White House During Past Three Weeks Refuses to Make a Statement—All Declared to Have Made Recommendations.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, March 19.—The interview between President Roosevelt and Charles S. Mellen, president of the New York, New Haven and Hartford Railroad, recently arranged for the purpose of discussing the railroad situation, took place at the White House today. It lasted not more than thirty-five minutes. No statement of the questions asked was made at the White House, and Mellen declined to talk.

President Mellen said he did not expect again to visit the White House for a conference with the President unless he was sent for.

Mellen's visit was the outcome of a call made at the White House last week by J. Pierpont Morgan, the New York financier, who came to Washington at the request of many business men to discuss the present business situation, particularly as affecting the railroads.

The visit of Mellen followed the conference he had several days ago with Presidents McKenna, Newmark and Hughton of the Pennsylvania, New York Central and Chicago and North-western railroads respectively. These four were the names suggested by Morgan to the President. It is not known at the White House whether Mellen, McKenna, Newmark and Hughton will visit the President, who will see them if they come.

Mellen has past three weeks the President has had visits from half a dozen well-known financiers and railroad men, with all of whom he has discussed various phases of the railroad situation. These include J. Pierpont Morgan, James Speyer of New York, Western Union president, and B. F. Younk of the Rock Island, E. H. Harriman of the Union Pacific and Mellen of the New York, New Haven and Hartford.

All of these men have made specific recommendations incorporating their own views on the situation. The President should recommend additional railway legislation and most of them, defining his attitude in explicit terms, with a view to allaying public apprehension.

Generally there has been but little approach to unanimity in these recommendations. He has referred his calls to the public declarations on this general subject and has told them that he means to be consistent with what he already has said.

The President said frankly that he is learning all he can regarding the railroad situation, and that he intends to continue to consult with railroad people and others on the subject. It is understood that he is making inquiries on some points pertaining to Federal supervision and control of the railroads; to the question of an appraisal of the physical valuation of such property; and to the matter of the use of various forms of indebtedness.

As to the last named, the President regards it as perfectly proper, and he has no objection to a proper issue of obligations for equipment, terminals

and betterments, but thinks there should be a careful scrutiny to see that stocks or bonds are issued for such purposes.

The President has not reached any final determination as to whether he will make any recommendations to Congress for legislation on any of these matters.

The President has made it plain to his callers that he cannot be expected to outline his policy in informal talks with them and that inferences as to his attitude must not be drawn from what he says in these casual talks.

When he has made up his mind, and is ready to tell the public just what his attitude is on particular questions and specifically on the railroad issue, he will do so in a speech or in a message to Congress. Some expressions from him are expected on the railroad question during the next few months.

The President is scheduled to make four speeches between now and the middle of June, and it is expected that he will have something to say on the railroad question in one of these speeches.

President Mellen left for New England at 5:30 o'clock this evening.

ANSWER TO RAILROADS.

(BY THE ASSOCIATED PRESS.—P.M.)

ST. PAUL, March 19.—The answer of the Railroad and Warehouse Commission to the injunction proceedings run in the United States Circuit Court to restrain the promulgation of the new schedule of freight and commodity rates between stations in Minnesota has been served upon the railroad companies.

The answer denies that the rates fixed by the commission are so low that the result of their adoption would be a confiscation of property or a taking of property without due process of law. It is denied that the complainants' lines are worth the amount of the capitalization outstanding against them.

NOTED AUTHOR PASSES AWAY.

OPERATION FAILS TO RESTORE THOMAS BAILEY ALDRICH.

Wrote Many Famous Novels and Had Long Career as Journalist, Was American Who Served in Editorial Capacity on World's Leading Publications.

(BY THE ASSOCIATED PRESS.—P.M.)

BOSTON, March 19.—(Exclusive Dispatch.) Thomas Bailey Aldrich, the author, died at his home in this city today. He failed to rally from a surgical operation performed about a month ago.

He was born at Portsmouth, N. H., November 11, 1855. He has occupied editorial positions

on the New York Evening Mirror, Williams' Home Journal, London Illustrated News, and was a newspaper correspondent, recently arranged for the purpose of discussing the railroad situation, took place at the White House today. It lasted not more than thirty-five minutes. No statement of the questions asked was made at the White House, and Mellen declined to talk.

President Mellen said he did not expect again to visit the White House for a conference with the President unless he was sent for.

Mellen's visit was the outcome of a call made at the White House last week by J. Pierpont Morgan, the New York financier, who came to Washington at the request of many business men to discuss the present business situation, particularly as affecting the railroads.

The visit of Mellen followed the conference he had several days ago with Presidents McKenna, Newmark and Hughton of the Pennsylvania, New York Central and Chicago and North-western railroads respectively. These four were the names suggested by Morgan to the President. It is not known at the White House whether Mellen, McKenna, Newmark and Hughton will visit the President, who will see them if they come.

Mellen has past three weeks the President has had visits from half a dozen well-known financiers and railroad men, with all of whom he has discussed various phases of the railroad situation. These include J. Pierpont Morgan, James Speyer of New York, Western Union president, and B. F. Younk of the Rock Island, E. H. Harriman of the Union Pacific and Mellen of the New York, New Haven and Hartford.

President Mellen left for New England at 5:30 o'clock this evening.

WIFE RETURNS UNEXPECTEDLY.

Catches Hubby in Room With Another Woman.

Thereupon Uses Revolver With Telling Effect.

Husband's Paramour Is Shot and Beaten.

(BY DIRECT WIRE TO THE TIMES.)

JOPLIN (Mo.) March 19.—(Exclusive Dispatch.) When Mrs. C. M. Clark, aged 32, returned to her home here unexpectedly today, and found the door locked, she broke it open with a miner's pick, grabbed a revolver and fired three shots at Mrs. Neil Wilers, who was with Clark, one of the shots taking effect in her shoulder. Then she dragged her from the bed, and beat her into insensibility with the butt of her weapon.

Relations between Clark, who is 45 years old, and the Wilers woman, are said to have existed for several weeks. Clark is a semi-invalid and frequently seeks his wife downtown for supplies and medicines. During her absence the Wilers woman would visit the Clark home. A neighbor finally informed Mrs. Clark of the Wilers woman's presence. When sent downtown she remained in the neighborhood and saw Mrs. Wilers enter the home.

Returning she found the door locked and demanded admittance. This was refused, and she battered down the door and entered the room, where she secured a revolver.

Three shots were fired, the second taking effect. Then the wife dragged the woman from the bed, and holding her on the floor, cut and bruised her about the head and shoulders with the revolver.

An investigation revealed that the father had run to that point and there ended his own life.

Officers from this city went to the scene and an arrest will be held.

Clark, aged 32, returned to her home here unexpectedly today, and found the door locked, she broke it open with a miner's pick, grabbed a revolver and fired three shots at Mrs. Neil Wilers, who was with Clark, one of the shots taking effect in her shoulder. Then she dragged her from the bed, and beat her into insensibility with the butt of her weapon.

Relations between Clark, who is 45 years old, and the Wilers woman, are said to have existed for several weeks. Clark is a semi-invalid and frequently seeks his wife downtown for supplies and medicines. During her absence the Wilers woman would visit the Clark home. A neighbor finally informed Mrs. Clark of the Wilers woman's presence. When sent downtown she remained in the neighborhood and saw Mrs. Wilers enter the home.

Returning she found the door locked and demanded admittance. This was refused, and she battered down the door and entered the room, where she secured a revolver.

Three shots were fired, the second taking effect. Then the wife dragged the woman from the bed, and holding her on the floor, cut and bruised her about the head and shoulders with the revolver.

An investigation revealed that the father had run to that point and there ended his own life.

Officers from this city went to the scene and an arrest will be held.

SHOT BY WOMAN WHO LOVED HIM.

MYSTERIOUS PISTOL AFFAIR IN WISCONSIN TOWN.

Police Now Fear Would Be Assassinated Has Committed Suicide—Are Seeking for Girl Named 'Cora'.

Who May Be Married—Victim Conceals Her Identity.

(BY DIRECT WIRE TO THE TIMES.)

KENOSHA (Wis.) March 19.—(Exclusive Dispatch.) The McDonald-Guerin case of Chicago was almost duplicated here today, when a mysterious woman entered the room of Herbert A. Graves, an architect, and shot him through the hand.

Graves threw up his hand just in time to save himself, for the bullet wound had penetrated his breast but he did not raise his hand on being told to do so by the intruder.

The police are searching Racine for a woman named Cora, who is known to have been infatuated with Graves, and who is said to have threatened to commit suicide because she believed he had proved untrue to her. They believe the mysterious and jealous woman may have carried out her threat and taken her own life after attempting that of the man she loved.

Graves' father is a wealthy manufacturer in Racine. The son is only 28 years of age. The victim is doing nothing to assist the police. He is trying his best to keep the identity of the woman who threatened his life a mystery. The police have in their possession this letter:

"I have decided to kill myself. Don't bring any more girls to Racine while I am alive. I would have killed you last night, only my nerve failed me. Cora."

The victim at first declared he was ignorant of any woman named Cora, but later he admitted that a married woman of Racine visited his office on the evening of January 17. Kenosha said he was present at that time and a scene followed. The married woman threatened to kill the architect and to commit suicide.

SEEK FUGITIVE.
(BY THE ASSOCIATED PRESS.—P.M.)

PHOENIX (Ariz.) March 19.—There were no important developments today in the case of Louis V. Eyttinger, the fugitive, who is believed, murdered his comrade, John Leitch, Sunday, and whose body is now being searched for.

The man who was reported to have been seen at Maricopa yesterday, and was thought to be Eyttinger, turns out to have been another. Therefore, if Eyttinger traveled without interruption, he might have reached Los Angeles three hours before the knowledge of the mystery reached here Monday afternoon.

Officers are today making Eyttinger's description and pictures.

It has been learned that Eyttinger twice called on a Phoenix clergyman and confessed to a record as a convict in one year and one day in the State of Wisconsin won from Fred J. Dwyer of Denver in a catch-as-catch-can wrestling bout, securing two of the three falls. A head-lock and leg-hold won the first fall for Beel in 12m. and 48s.; Dwyer scored in the second, his time being 4m. and 48s. A double fall Nelson won the final fall for Beel in 9m. and 5s.

RANCH FEUD AND FIGHT.
EL PASO (Tex.) March 19.—Another bloody chapter was added to the ranch feuds in New Mexico today, when a pitched battle occurred fifteen miles from Alamo, between Oliver Lee and four men and James D. Pennington and three men, in which many shots were fired. Pennington was seriously wounded. Several serious battles have recently occurred in this section of New Mexico between ranchmen.

SENTENCES FORMER CLERK.
WASHINGTON, March 19.—A sentence of one year and one day in the penitentiary was today imposed by Justice Bernard upon James M. Boyd, formerly clerk of the Federal Public Health and Marine Hospital service, who was indicted upon a charge of having fraudulently obtained about \$1500 from the government.

THAW AIDS FLOOD VICTIMS.
PITTSBURGH, March 19.—Mayor George W. B. Thaw today received a check for \$100 was unclosed to aid persons suffering from the flood of water in the city. Thaw replied that fund had been raised in Pittsburgh but that one had been raised in Allegheny and asked what disposition should be made of the money.

the Interstate Commerce Commission by cities and individuals in Kansas, involving the rates on coal brought from mines in Wyoming and Colorado to stations in Kansas over the Santa Fe Railroad and connecting lines. This will make the State of Kansas one of the plaintiffs in the case.

FATHER SLAYS HIS DAUGHTER.

TERRIBLE DOUBLE TRAGEDY NEAR FORT WORTH.

Bride of Twenty-two, Who Marries Without Her Parents' Consent, Is Seemingly Forgotten, but Without Warning Is Shot Down—Murderer Then Slays Himself.

(BY DIRECT WIRE TO THE TIMES.)

FT. WORTH (Tex.) March 19.—(Exclusive Dispatch.) A terrible tragedy was enacted about nine miles south of this city this morning. One Davis, the 22-year-old daughter of John Massey, and the wife of Manley Davis, was shot to death. Other shots were heard, and the body of John Massey was found in the house where he had taken his own life after killing his daughter.

There is great mystery connected with the affair. The murdered girl was married on March 18 and married Davis without the knowledge or consent of her parents, but was seemingly forgotten.

This morning she visited her parents in company with her husband's mother, and was received in an affectionate manner. Her father asked her to go into the parlor and play on the organ, some of the old tunes he loved so well, and after complying with the request, Massey told her he wished to have a serious talk with her.

The others left the room, and what transpired between father and daughter will probably never be known. The report of a gun was heard, followed by another scream, and the girl ran into another room, and afterward the other shot was heard. Her lifeless body was found on a back porch. Another shot was heard in the direction of the barnyard.

An investigation revealed that the father had run to that point and there ended his own life.

Officers from this city went to the scene and an arrest will be held.

WIFE RETURNS UNEXPECTEDLY.

Catches Hubby in Room With Another Woman.

Thereupon Uses Revolver With Telling Effect.

Husband's Paramour Is Shot and Beaten.

(BY DIRECT WIRE TO THE TIMES.)

JOPLIN (Mo.) March 19.—(Exclusive Dispatch.) When Mrs. C. M. Clark, aged 32, returned to her home here unexpectedly today, and found the door locked, she broke it open with a miner's pick, grabbed a revolver and fired three shots at Mrs. Neil Wilers, who was with Clark, one of the shots taking effect in her shoulder. Then she dragged her from the bed, and beat her into insensibility with the butt of her weapon.

TRAINING STUNTS OF "KID" MCCAREY AT EASTSIDE ATHLETIC CLUB.

FORM CHARTERS HAVE A CHANCE.

WELL-PLAYED RACES WIN RACES AT ASCOT PARK.

Three favorites finish in front in the Sherry Chase, which is feature of an ordinary day—Gipps wins his fourth straight race. Long shots in the luck.

Contrary to all expectations, strongly-played races won every race at Ascot Park yesterday afternoon. But the spectators lost little or no money, for what they paid out on the winners they more than took in on those that also ran. The weather was showery and the track a trifle sloppy, and yet good time was made in every race. There was less play on horse-races than is general on rainy days, and the talent did not do so "worse."

There was no particular feature on the card, except the fourth event, and this was won by Chalmers' sweep at 5 to 1, the odds-on favorite, Sir Edward, running second. Three favorites won.

Results: Five and one-half furlongs: Willie Grege, 107 (Proton) 2 to 1, won; Monte, 119 1/2 (Aker) 30 to 1, second; John H. 107 (Rosa) 7 to 1, third; time 1:09. 30 Bernardo, Little Grege, Dan Collins, Merry Sport, Melar, April's Pride and Spring Jennie also ran. Elfin King and Salario scratched.

Four furlongs: J. Swagart, 110 (Proton) 1 to 1, won; Connie M. 107 (Rosa) 12 to 1, second; Barney Oldfield, 119 (Choland) 5 to 1, third; time 0:54. Banward and Harvey Clark also ran.

One mile: Gilpin, 108 (Choland), even, won; George E. Miller, 105 (Kun) 5 to 1, second; Crois D'Or, 100 (Rosa) 10 to 1, third; time 1:41. Woodthorpe and Madden also ran. Jodie's Jewel scratched.

One mile: Chalmers' Sweep, 90 (Proton) 2 to 1, won; Sir Edward, 112 (Smith) 4 to 1, second; Ampedo, 108 (Grand) 7 to 1, third; time 1:41. Maxmar and Cello also ran. Tartan scratched.

Five furlongs: Katie Crews, 105 (Clark) 2 to 1, won; Barato, 107 (H. Smith) 3 to 1, second; Jermie, 106 (Kun) 7 to 1, third; time 1:24. Vincedo, Perdition, Welker, Ballico, Santio, Magnifico in a drive. Beek, Paul I. Dike Jordan and Spartan also ran. Decimo scratched.

Five furlongs: Katie Crews, 105 (Clark) 2 to 1, won; Barato, 107 (H. Smith) 3 to 1, second; Jermie, 106 (Kun) 7 to 1, third; time 1:24. Vincedo, Perdition, Welker, Ballico, Santio, Magnifico in a drive. Beek, Paul I. Dike Jordan and Spartan also ran. Decimo scratched.

Five furlongs: Katie Crews, 105 (Clark) 2 to 1, won; Barato, 107 (H. Smith) 3 to 1, second; Jermie, 106 (Kun) 7 to 1, third; time 1:24. Vincedo, Perdition, Welker, Ballico, Santio, Magnifico in a drive. Beek, Paul I. Dike Jordan and Spartan also ran. Decimo scratched.

NEW YORKERS RETURN EAST.

BIG LEAGUERS ON THEIR WAY TO GALVESTON.

Much Disgusted With Their Hard Luck During Last Four Days. Rain Spoils Last Game. Manager of the New York Giants, John McGraw, is reported to be in Galveston, Texas, where he will meet with the team and discuss their future plans.

Battered and disgusted by their last four days in California and considerably out of pocket, the New York Giants left Los Angeles last night on the Southern Pacific Railroad to continue their spring practice games in the South, or make the attempt at least.

It is to be hoped they will have better luck than they had on the Coast during the past week.

Of course, there was no ball game yesterday at the Chutes grounds between the New York and Los Angeles teams, owing to the rain, and yet, notwithstanding the drizzle in the early afternoon, a crowd of probably 150 fans gathered to the grounds to see the scheduled game. It was a sore disappointment to the fans, for they would like to have seen the big league men in action once again, but there was nothing doing. The New Yorkers could not play in San Francisco last Saturday and Sunday, owing to rain, and they arrived in time to play here Monday.

They stayed over one day for a final game, but fate wouldn't let them have it. They had a little practice yesterday before the rain, and this will be all they will get until they reach Galveston, Tex.

Manager Berry is feeling very good over his purchase of Bert Delmas, and says that if he cannot get another player, Bert will be used as the regular shortstop, providing he will sign a contract. Berry got the rights for another good one in Pitcher Brown, and if he can get this one to sign, the team will be the equal of any in the league. The locals have moved up to Chutes Park, and will continue their practice there instead of at Santa Monica.

While the New York ball players were going to the Southern Pacific Depot last night, Manager McGraw lost a black leather grip, or at least it turned up missing at the depot. A reward will be paid for the return of it to the Lankershim.

Boxing at Anaheim. Articles of incorporation have been drawn for the Anaheim Athletic Club. Its headquarters will be in the opera-house, where boxing and all indoor sports are to be taken up. The directors are H. Anson, president; S. Carrison, any Furberg, A. McCauley and Mr. Zelig.

FRESHMEN WIN MEET.

Stanford "Babies" Put It Over The Bay Counties Athletes In Driving Rain.

(SPECIAL CORRESPONDENCE OF THE TIMES.) STANFORD UNIVERSITY, March 18.—In a pouring rain the Stanford freshmen defeated the Bay Counties athletes on the new track Saturday by a score of 10 to 146. Considering the unfavorable conditions under which the meet was run, the time made in the sports was good.

The performances of some of the preparatory-school men indicate that they will be formidable contestants in the intercollegiate meet Saturday. Macaulay of Alameda won the quarter in 21.4, easily outdistancing all his competitors in the best race of the meet. Because of the muddy track the low hurdles were shortened to 12 yards. Reed was the star performer for Stanford.

The four schools of the Bay Counties League scored points as follows: Alameda, 17 1/2; Berkeley, 17; Alameda, 4 1/2; Oakland, 6.

E. J. Nash, 67, over the Stanford record for the 80-mile run by ten seconds in a preliminary meet of the intercollegiate athletes Thursday. His time was 13:14. The previous record was held by Nash.

The records of Thursday's meet were: Mile run: Bradford, Maundrell, Worthington; time 4 min. 41.5 sec. Three-mile run: Holman, Reed, McNeil; time 10:15.5 sec.

High hurdles—First heat: Pease, Macfarland; time 1:15.4 sec. Second heat: Bradley, Drew; time 1:15.4 sec. No finals were run.

Low hurdles: Macfarland, Drew, Helmer; time 24 sec.

The 22-yard dash: Holman, McNeil, Vandervort; time 12:15.5 sec. The 88-yard run: Miller and Shelton tied for first; Cook third; time 2 min. 8 sec.

Shot put: Crawford won, 40 ft. 7 in.; Ford second; Usher third. High jump: Sterling won, 5 ft. 7 in.; DuPont second; Poor third.

220-yard dash: Crawford won, 129 ft. 3 in.; Usher second; Hilt third. Broad jump: Aynsworth won, 20 ft. 7 in.; Vandervort second; Redman third.

Pole vault: Langan and Koecker tied for first; time 10 ft. 5 in.; Cammins third. Over the meet C. L. Severy, 108, of Pasadena, was elected captain of the junior class team, and Crawford, '09, captain of the sophomore team.

TARGET TOURNAMENT.

Los Angeles Gun Club Arranges for Spring Shoot When Shrimers Are Here.

The Los Angeles Gun Club arranged for the semi-annual shoot at a meeting of the directors, last night, and set the date at May 4 and 5. Two special trophies will be offered—the Guy Lovelace trophy and the I. H. Dunay trophy.

It is proposed to shoot events daily, totaling 90 targets, and there will be five added money each day. The trophy events will be twenty-five targets each. Lovelace expects to leave the city, and pass up the trophy bearing his name as a farewell feature.

There will be no handicap events—only being from the standard distance of sixteen yards. Any shooters who desire may enter upon attending to the proper regulations, and it is proposed to extend a special invitation to the eastern visitors, who come for the Shrimers' carnival and Fiesta.

The directors also set the date for the semi-monthly practice shoots for members, this spring, as April 14 and 15, and May 21 and 22. The trophy for club members only to contest for will be offered for competition at these shoots.

BASEBALL TODAY.

ST. VINCENT AND LOOLLOOS.

The Los Angeles and St. Vincent's baseball teams are scheduled to play on the Chutes diamond this afternoon. Either Nagle or Gray will be in the box for Los Angeles.

The Saints will have the same lineup they used against the Glens, with the exception of Schidwiler, who will be replaced by the best shortstop playing one of the outfield positions. Phillips, the big southpaw, or Lane will do the pitching.

These games with the Saints, who are considered the fastest aggregation of amateurs in Southern California, tends to put the professionals in condition for the opening of the Coast League, this spring, as April 14 and 15, and May 21 and 22. The trophy for club members only to contest for will be offered for competition at these shoots.

Chances for Hoop. SAN DIEGO, March 19.—That the work of Frank Hoop, the San Diego Pickwick pitcher, has attracted some notice, even in outside cities, is indicated by the fact that both Seattle and Butte is more than anxious to secure his services for the coming season. Both have sent him contracts to sign and in such case the salary is tempting, as he says. Hoop has a paying nursery business at Oceanside and heretofore has been averse to leaving it for baseball.

"READY-AND-RIGHT" For YOUNG MEN

And they are distinctly YOUNG Men's styles—out of the ordinary—individual. Many makers of ready-to-wear clothing cling to one style only—a style which the dealer sells without discrimination to the YOUNG MAN, his FATHER, and his GRAND-FATHER.

That isn't the SILVERWOOD way. At Silverwood the man who seeks a model conforming to his own particular requirements will find it. The young man who prefers the conservative, as well as he who affects the extremes, will find satisfaction in "Ready-and-Right." Six new Spring models.

The Silverwood Stores

Chances for Hoop. SAN DIEGO, March 19.—That the work of Frank Hoop, the San Diego Pickwick pitcher, has attracted some notice, even in outside cities, is indicated by the fact that both Seattle and Butte is more than anxious to secure his services for the coming season. Both have sent him contracts to sign and in such case the salary is tempting, as he says. Hoop has a paying nursery business at Oceanside and heretofore has been averse to leaving it for baseball.

TO HOSPITAL AND THERE DESERTED.

When a young man, 23 years, was taken to the hospital, he was found to be suffering from a severe case of pneumonia. He had been in the hospital for several days, but had not improved. His condition was so bad that the doctors decided to try a new treatment. They gave him a large dose of medicine, but he did not get any better. He was then taken to the hospital again, but he was found to be dead when he was taken there. The doctors were very surprised at this. They had never before seen a case like this. They were very sad to hear of his death. They thought that he was a very good man. They thought that he was a very kind man. They thought that he was a very brave man. They thought that he was a very honest man. They thought that he was a very good man. They thought that he was a very kind man. They thought that he was a very brave man. They thought that he was a very honest man.

SCHOOL TEAMS ARE COMING SOUTH.

Speaking of the contracts with Berkeley and Stanford, that he has been working for this for the past three years, or ever since he came to the Coast.

Big plans are under way at the University of Southern California to enter the intercollegiate meet. The faculty will tender a reception in the evening to the visiting athletes and all their friends, and the students are preparing a vaudeville performance, which will be about in songs, jokes, local hits, minstrelsy and a short comedy sketch will be given.

Free lunch will be served at noon from 11 to 1 for the athletes so it will not be necessary for them to leave the campus before the finish of the U.S.C.-Stanford meet and the intercollegiate which follows in the afternoon. All these attractions are appealing to the boys in the outside towns and inquiries are coming in rapidly.

A gold medal will be given to winners of first place in each event, a silver medal for second and a bronze medal for third. A cup will be awarded the team making the greatest number of points. The contest is open to high school, preparatory school and private school students who are doing strictly secondary work, have a passing grade in fifteen hours, and have been in attendance since the beginning of the second half of the year. Further restrictions limit the entries to those who have not competed on college teams, and who are otherwise eligible according to the rules of their own league.

Prom information received last night there is a strong probability that Oakland High School track men will stay here a week and compete with the Los Angeles High School on April 4. Both Frieze and Maddox of the L. A. High are former students of the Oakland High, and the prospect will make this dual meet of the schools more likely to be arranged. Both are half-mile men, and Maddox is a pole vaulter and the best hammer thrower in the High School has. Both expect to pile up many points against the men they formerly worked with.

The Stanford-U.S.C. meet will begin at 10 o'clock in the morning; the intercollegiate at 2 o'clock, when the 130-yard hurdles, the pole vault, the shot put and high jump will be called. The day promises to be one of the biggest of the Coast in college sports.

been made public but it is presumed to be high. The purchase of the wells by the Graciosa or its British connection will almost without question mean the immediate construction of a pipe-line to its refinery at Port Harcourt. A purchase by the Associated would probably mean a line to either Port Harcourt or Warri, while the California Oil would of course send all it produced through the Bakersfield-Point Richmond line and the branch it is now building.

Masot Building Tanks. The Masot Oil Company has sent out six teams of mules to haul material and do grading for the erection of six 1500-barrel tanks. Ten thousand dollars is to be expended at once in improvements in the Crescen Lockwood and Masot properties. The work will include building tanks, bunkhouses and offices.

Wages Are Advancing. The demand for help is becoming so great that the Associated is reported to have decided upon raising the wages of all employees at Kern River 25 cents a day. The move is a voluntary one on the part of the combine. The Associated has been at Kern River endeavoring to employ drillers to go to Coalinga, where it is about to carry on a large development. Independents at Coalinga are also preparing to do much work and some forty strings are expected to be running very soon in addition to the work of the big British syndicate and the Standard.

New Oil Industries. A plant for the manufacture of asphalt shingles is to be established near Bakersfield. The shingles will be used for roofing purposes, the use of asphalt having long ago been found practicable and is now common. Messrs. Warwick and Judson are the chief owners of the plant.

Harrison Albright Reads Interesting Paper to Audience of Architectural Draughtsmen. To an audience of architectural draughtsmen, last night, Harrison Albright, the architect, read a paper on reinforced concrete construction. He reviewed the history of reinforced concrete architecture from the time of its first known use in Carthage, the most ancient city of Egypt, where, over 2000 years ago, an aqueduct seventy miles long was constructed of concrete. He also reviewed the use of the city. To cross a valley, over 1000 arches were built. Many of these were 100 feet high, and some of them are standing today in a perfect state of preservation. He then reviewed the use of reinforced concrete in the building of the Panama Canal. He said that the use of reinforced concrete in the building of the Panama Canal was a great achievement. He said that the use of reinforced concrete in the building of the Panama Canal was a great achievement. He said that the use of reinforced concrete in the building of the Panama Canal was a great achievement.

He explained that its fireproof feature alone makes it most desirable, as does also the fact that it does not deteriorate with age, but becomes stronger, which cannot be said of any other building material.

Twenty-five years ago, the speaker continued, the total annual production of cement in the United States was 5,000 barrels, while in 1906 the production had increased to 42,000,000 barrels. Mr. Albright quoted from reports showing that reinforced concrete buildings were subject to the great fires in Boston, Chicago and Baltimore were unharmed, and he declared that if San Francisco had had any considerable number of buildings constructed of reinforced concrete that city would not now be in ruins. Concrete structures not only withstand fire, but are unharmed by earthquakes, as was demonstrated at Stanford University last April.

The case was reported to the police and an officer sent to the place where the boy was found, but he could learn nothing of the boy's identity. The discovery of the identity of the lad.

Her Engagement is Announced to Marcellus Hartley Dodge—Bride-to-Be Has Been Five Years "Out," and Prefers Out-of-Door Sports and Travel to Society.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, March 19.—[Exclusive Dispatch.] An engagement of wide-spread interest has just been announced—that of Miss Ethel Goodell Rockefeller, daughter of William Rockefeller, to Marcellus Hartley Dodge.

Miss Ethel Goodell Rockefeller, who is engaged to marry Marcellus Hartley Dodge.

Dodge of this city. Miss Rockefeller is a niece of John D. Rockefeller.

That announcement has been made to relatives and a few intimate friends of the two families. Miss Rockefeller is the second daughter in her family, and was introduced to society about five years ago.

She does not particularly care for fashionable life, and is rather given to out-of-door sports and travel. Her parents live at No. 88 Fifth avenue, New York, having a country place, Rockwell Hall, at Scarborough, N. Y.

Dodge, who was graduated from Columbia University in 1902. He was generous to his alma mater, giving to Columbia, at the time of his graduation, the sum of \$300,000.

Further he believes many of the stocks on the market are unsound or they would not be allowed to go on the public market by the men who control them. Among other questions he has raised is the question of the proposed consolidation of the railroads.

"Do you think the conferences between railroad men and the government will result in any radical changes?"

"I cannot say. It is my idea that Federal control would be a better something entirely different. They would understand the laws they must observe and would be able to plan ahead intelligently without one State suddenly demanding one thing and another State being equally insistent on something entirely different. The interstate situation and the differential in the State laws is, I think, one of the greatest problems railroad men have to deal with."

"As to the general financial condition of the country, do you think it is good or bad?"

"On the surface it is good. Business is booming and everyone seems to be satisfied. But there is an undercurrent that does not look so good. I have not quite made up my mind if the increased production of gold is responsible or not. It is impossible to see how such a situation will work out. Personally, I do not like the outlook. I do not think our people are saving the money they should save. We are making fewer dollars and unfortunately, spending more."

"There is one important thing to consider and that is that there are probably fewer dollars in the country than ever before. That I believe is the reason why the recent Wall Street panic was not more disastrous. Had there been more dollars the panic would have been widespread in effect."

JUDSON IS INSTALLED. CHICAGO, March 19.—Harry Pratt Judson was formally installed as the second president of the University of Chicago today. At his request, the ceremony was simple.

He explained that its fireproof feature alone makes it most desirable, as does also the fact that it does not deteriorate with age, but becomes stronger, which cannot be said of any other building material.

Twenty-five years ago, the speaker continued, the total annual production of cement in the United States was 5,000 barrels, while in 1906 the production had increased to 42,000,000 barrels. A Voice From The Stomach

A Bloodless Fight Between a Tablet and a Habit—The Tablet Wins.

At the age of 22, Clarence had a good digestion. He had gastric juice that could dissolve doughnuts and turn appleskins into good blood corpuscles.

At the age of 24 he began to be profuse about the waist and lean backwards. He also began to cultivate several habits that were bad for him. He began to think it his duty to gorge himself on everything, the good and the bad, for appetite feeds on appetite—and every good thing is abused.

His pictures showed that he took on weight after he put his collar on. At the age of 26 Clarence married and went to boarding. On top of all this, he attended oyster suppers and wine dinners, which reduced the size of his collar from 16 to 15. With all this eating, his strength of his stomach he gulped his meals, and chewed them afterwards.

At the age of 28 Clarence began to hear an inward voice—a warning from the stomach. After each meal he would feel bloated and belching became a habit.

He began to be a light eater—and a heavy thinker. He tried to think out a cure, for now he would sit down at his meals absolutely disgusted at the thought or sight of anything to eat.

He would sit down at his meals without the trace of an appetite, just because it was time to eat.

He would often feel a gnawing, unsatisfied "stomach" feeling in his stomach, and after he was through eating, whether his meal was well cooked or not.

And he suffered a good many other things with his stomach that he could not explain, but that made him grouchy, miserable, out-of-sorts and generally sour on everybody and everything.

Finally he read an account, something like this, about the truly wonderful results obtained from Stuart's Dyspepsia Tablets in all cases of stomach trouble, dyspepsia, and so on. He bought a 50c box at the drug store and took the whole box. When he started, he had little faith—and less appetite. When he finished he had absolute faith—and more appetite and more good cheer. Things began to taste different and better to him.

Now he has no more dyspepsia, no more indigestion, no more loss of appetite, no more loss of sleep, no more nervousness, no more heartburn, no more nausea, no more eructations, no more flatulency, no more loss of vigor. Remember, one ingredient of Stuart's Dyspepsia Tablets will digest for you, 2000 grains of food, just as it did for Clarence.

This relieves your stomach of the work of digesting until your stomach can get strong and healthy again. Your stomach has been overworked and abused. It's fagged out. It needs a rest.

Let Stuart's Dyspepsia Tablets do the work of your stomach. You will be surprised how fine you'll feel after eating, and how deliciously good everything will taste to you.

Head the call of the stomach now! There's a world of good cheer in one box of Stuart's Dyspepsia Tablets—at any drug store, 50c.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 84 Stuart Bldg., Marshall, Mich.

SAYS NATIONAL PLAN IS GOOD. ROCKEFELLER FORESEES HARD TIMES LOOMING UP.

He is Dubious as to Cause, but Thinks Americans Are Not Saving Enough Money—Absence of Debtors Is Good Sign and Averts Panic. One Thing to Consider.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, March 19.—[Exclusive Dispatch.] For twenty-four hours from Kansas, Ga., to this city, where he arrived today, a reporter rode with John D. Rockefeller as a member of his traveling party. In that time the reporter learned that Rockefeller is strongly opposed to the over-capitalization of railroads and other incorporations, and that he believes in the conservative English corporation methods as against Wall Street's high finance.

Rockefeller believes the railroads have reached a point where they cannot borrow any more money in this country to carry on their improvements and he feels certain that the country is hastening toward the shoals of hard times because of unsound financial policy.

Further he believes many of the stocks on the market are unsound or they would not be allowed to go on the public market by the men who control them. Among other questions he has raised is the question of the proposed consolidation of the railroads.

"Do you think the conferences between railroad men and the government will result in any radical changes?"

"I cannot say. It is my idea that Federal control would be a better something entirely different. They would understand the laws they must observe and would be able to plan ahead intelligently without one State suddenly demanding one thing and another State being equally insistent on something entirely different. The interstate situation and the differential in the State laws is, I think, one of the greatest problems railroad men have to deal with."

"As to the general financial condition of the country, do you think it is good or bad?"

"On the surface it is good. Business is booming and everyone seems to be satisfied. But there is an undercurrent that does not look so good. I have not quite made up my mind if the increased production of gold is responsible or not. It is impossible to see how such a situation will work out. Personally, I do not like the outlook. I do not think our people are saving the money they should save. We are making fewer dollars and unfortunately, spending more."

Stitch in Time Vulcanizer \$4.00
Vacuum A Mobiloil, 1-gal. can 95c
Vacuum A Mobiloil, 5-gal. can \$3.35
Columbia or Ever-Ready Batteries 30c

ARMED DEPUTIES ENTER OAKLAWN.
[BY DIRECT WIRE TO THE TIMES.] HOT SPRINGS (ARK.) March 19.—[Exclusive Dispatch.] With 40-caliber revolvers strapped about their waists, twenty deputies marched into the betting ring at Oaklawn track today, and their sudden appearance created a panic. In less than a minute the spacious betting ring was cleared, and the deputies took possession.

The deputies marched up and down the ring, while the spectators looked on in astonishment. The bookmakers fled into the grand stand and the bets were not made or taken after the second race, when the unarmed guests made their sudden appearance. The deputies had forced their way in with drawn revolvers through a side gate, and their raid was complete.

The services of a constable from an adjacent township were secured by the Citizens' Improvement Union, who, in turn, deputized nineteen members of the reform organization, which helped him make the march on Oaklawn.

UNDELIVERED TELEGRAMS.
The following telegrams are undelivered at the office of the Western Union Telegraph Company, corner Fifth and Spring streets: James McNeer, Harry Hayes, E. S. Armstrong, Happy Holligan, J. B. O. Sullivan, Addison Lowry, Harry Schreiber, Mrs. M. J. Dempsey, Tim O'Neal, Louis F. Schindler, James B. Fraley, Grace Armstrong, Mrs. Josefa de Gonzales, Mrs. Paul Freeman, Louis G. Wilds, Fitch Electrical Laboratory, H. W. Hill, D. R. River, Mrs. T. A. Byron, A. J. Cook, Miss Florence Clark, Myrtle Maynard, R. H. Dunn, J. H. Stubbs, Rev. Richard A. Morely, Elsie Floral Company, Mrs. M. S. Wise, K. D. Howell Company, B. C. Boothby, The Scarborough Company, Mrs. Robert Powers and J. L. Tucker.

BRYAN IS FORTY-SEVEN.
CINCINNATI, March 19.—William J. Bryan tonight was the guest of the Cincinnati Democratic Club, where he made an address. Bryan called attention to the fact that he was spending the forty-seventh anniversary of his birth in Cincinnati, concluding with the remark that he expected to live through five more Presidential campaigns.

SAWTELLE.
SAWTELLE, March 19.—Committees representing the W.C.T.U. and the Good Templars presented a memorial to the city fathers, asking that the necessary action be taken to hold liquor sellers in check. The committee was met on a favorably by the city fathers.

SANTA ANA RAIN.
SANTA ANA, March 19.—[Exclusive Dispatch.] Orange country has had heavy clouds all day, but the rain has been light. The rain is not now needed.

Fine French and German Val. lace, edges and insertions, new and dainty patterns; good, firm mesh; good widths, good edges and insertions to match; just the thing for trimming summer gowns and lingerie. 12-yard pieces worth up to \$1.35. Today, main floor, 55c apiece.

Automobile Supplies at Department Store Prices
No more fancy prices for automobile supplies. We price these commodities the same as we do cotton cloth and calico; a fair living profit—the saving, which is considerable, is yours if you buy your auto supplies at Bullock's. Third floor.

10-lb. can of Carbide 90c
California number pads 85c
Stitch in Time Vulcanizer \$4.00
Vacuum A Mobiloil, 1-gal. can 95c
Vacuum A Mobiloil, 5-gal. can \$3.35
Columbia or Ever-Ready Batteries 30c

ARMED DEPUTIES ENTER OAKLAWN.
[BY DIRECT WIRE TO THE TIMES.] HOT SPRINGS (ARK.) March 19.—[Exclusive Dispatch.] With 40-caliber revolvers strapped about their waists, twenty deputies marched into the betting ring at Oaklawn track today, and their sudden appearance created a panic. In less than a minute the spacious betting ring was cleared, and the deputies took possession.

The deputies marched up and down the ring, while the spectators looked on in astonishment. The bookmakers fled into the grand stand and the bets were not made or taken after the second race, when the unarmed guests made their sudden appearance. The deputies had forced their way in with drawn revolvers through a side gate, and their raid was complete.

The services of a constable from an adjacent township were secured by the Citizens' Improvement Union, who, in turn, deputized nineteen members of the reform organization, which helped him make the march on Oaklawn.

UNDELIVERED TELEGRAMS.
The following telegrams are undelivered at the office of the Western Union Telegraph Company, corner Fifth and Spring streets: James McNeer, Harry Hayes, E. S. Armstrong, Happy Holligan, J. B. O. Sullivan, Addison Lowry, Harry Schreiber, Mrs. M. J. Dempsey, Tim O'Neal, Louis F. Schindler, James B. Fraley, Grace Armstrong, Mrs. Josefa de Gonzales, Mrs. Paul Freeman, Louis G. Wilds, Fitch Electrical Laboratory, H. W. Hill, D. R. River, Mrs. T. A. Byron, A. J. Cook, Miss Florence Clark, Myrtle Maynard, R. H. Dunn, J. H. Stubbs, Rev. Richard A. Morely, Elsie Floral Company, Mrs. M. S. Wise, K. D. Howell Company, B. C. Boothby, The Scarborough Company, Mrs. Robert Powers and J. L. Tucker.

BRYAN IS FORTY-SEVEN.
CINCINNATI, March 19.—William J. Bryan tonight was the guest of the Cincinnati Democratic Club, where he made an address. Bryan called attention to the fact that he was spending the forty-seventh anniversary of his birth in Cincinnati, concluding with the remark that he expected to live through five more Presidential campaigns.

SAWTELLE.
SAWTELLE, March 19.—Committees representing the W.C.T.U. and the Good Templars presented a memorial to the city fathers, asking that the necessary action be taken to hold liquor sellers in check. The committee was met on a favorably by the city fathers.

SANTA ANA RAIN.
SANTA ANA, March 19.—[Exclusive Dispatch.] Orange country has had heavy clouds all day, but the rain has been light. The rain is not now needed.

Hand-Made 25c lb.
Chocolates

Assorted hand-made Chocolates, in one-pound packages, fresh, dainty and toothsome. At our confectionery counter, main floor, today, only 25c pound.

Classified Lines.

Times Classified Rates: The rate for inserting "Want" ads in the Daily Times is 10c per word for each insertion; in the Sunday issue 15c per word, each insertion; minimum charge 50c; except under following classifications, the rate for which is 10c per word, minimum charge 30c: "Lost and Found," "Personals," "Special Notices," and "Baths and Massages." The Sunday circulation of the Times exceeds 70,000 copies, and more "Times" are regularly printed in its columns than in the five other Los Angeles newspapers combined. Sunday real estate advertisements, to be classified properly, must be in the Times office before 10 o'clock Saturday night. Rates, 1 1/2 cents per word.

"Lines" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 o'clock Saturday night will be sorted under heading "Too Late to Classify."

Telephone your want advertisements. Ring up "The Times" any time of day or night and secure prompt and careful attention. The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

SPECIAL NOTICES

WINKLER, SMALLPOX, PITTSBURGH, FRANKLIN, BIRMINGHAM, TEXAS, and other newspapers have removed on and after March 20, 1930, all notices of this kind from their columns. The Los Angeles Daily Times, however, continues to publish such notices, and is the only newspaper in the city to do so. The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Gone to Searchlight.

Senator Henry E. Carter left Los Angeles last night for Searchlight, Nev., where he will be for the next two weeks, looking after his extensive mining interests.

Assemblyman Hammon Ill.

Assemblyman Percy Hammon has been confined to his home, No. 476 Custer avenue, for several days with an attack of the grip. He is now convalescing, and expects to be out again this week.

Alleged Jewel Thief.

Julius Runolds was arrested on suspicion at No. 331 Aliso street. According to the police, Runolds will be charged with grand larceny today, as he is alleged to have sold jewelry belonging to Sussie Cramon valued at \$25.

Double Bereavement.

Mrs. Reeves, wife of ex-State Treasurer Truman Reeves, of this city, writes The Times that her sister, Mrs. H. B. More, for many years a resident of this city, lost two daughters by death last week. Mrs. Beth More and Miss Perrie More.

Woman Will Speak.

Mrs. M. S. Lamoreaux of Chicago, will address a meeting in the Sunday school room of the First Methodist Church, entrance on Ninth street, tomorrow night. She is one of the best speakers among the women of the United States, and all teachers and others interested in Bible study are invited to hear her.

Excavation for Postoffice.

Good progress has been made on the excavations for the postoffice, required under the recent change in plans. A huge pile of earth has been dumped on the northern line of the property, and this is to be used in grading the extension of Commercial street through from Main to New High streets. This requires a fill at the New High street end, which will use most of the earth taken from the basement extension.

Auto Breaks Wrist.

While Robert Sheldon was trying to crank a big touring car yesterday morning the engine reversed, and he sustained a broken arm. The machine was the old-fashioned "cool-kicker" kind, which is not equipped with a safety device. The crank did not catch when the spark exploded the gasoline, and the crank handle was whirled backward with terrific violence. Sheldon's arm was broken at the wrist, the bones being crushed. The injured autoist was removed to the Receiving Hospital, and Dr. Charles Bonyne reduced the fracture.

Poor Ambulance Service.

Because of the absence of a hospital ambulance from Central Station, Mrs. Martin lay in the rain on a cement sidewalk at First street and Grand avenue last night for half an hour. Citizens endeavored to protect the woman, who was taken ill from the rain by holding umbrellas over her. Other citizens raised at the police. Sgt. McClure did his best to dispatch an ambulance to the place where the woman had fallen, but it was some time before he could get a patrol wagon. The officers vainly tried to explain to grateful citizens that it was not their fault because the Council had not provided sufficient ambulance service.

BREVITIES.

All who have heard Mr. Baumgardt's lecture on "Paris" are enthusiastic in its praise. The views are beautifully colored and convey to the eye and mind an artistic impression of the French capital. A special feature introduced by the lecturer is the projection on the screen of a number of famous paintings in the Louvre, Luxembourg and Versailles galleries. The lecture will be given at Blanchard Hall next Wednesday evening.

For Sale—Used sewing machines. At the New Home and Domestic office, No. 518 S. Broadway. A lot of excellent used sewing machines will be sold quick this week. Prices will range from \$4 to \$25 for excellent Singers, Wheeler & Wilson, White, Standard and other leading makes. All are in excellent sewing order and many are practically as good as new. You can supply your sewing machine wants at little price at 518 Broadway this week.

Mrs. George S. Butterfield, formerly of the Hotel Julian, Long Beach, and Mrs. F. T. Kilbourne, formerly of the Alhambra, are planning to give a concert at the Pickwick Apartments, 323 S. Grand ave., where all will be welcome.

More dollar shoes. We opened up last evening another large shipment of the high-grade shoes, including the larger sizes on women's feet. One dollar pair, 523 Bryn Mawr, 2nd and Spring sts. Take elevator to fifth floor.

J. W. Frey has moved his stock of mantels, grates, tiles and sundries to his warehouse, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass fireplace trimmings to be found in the United States.

Concert by choral and orchestra of Young Women's Christian Association Thursday, 8 p.m. Proceeds to send delegate to Capitol Conference. Tickets 25 cents.

Consult the windows of Cummings Store, 4th and Broadway, for correct shoe shapes. Great values are now being offered.

Refining from business, pianos at wholesale prices for the next few days. Geo. K. Darling, 412 W. 5th St.

Florsheim men's shoes, 511 S. Spring. Ladies' \$2.50 shoes, 402 S. Broadway. Children's shoe store, 204 S. Broadway. Furs, D. Bonoff, furrier, 212 S. Broadway. 1st shoe sale, 512 Bryn Mawr.

Reclaimed Land for Sale. Five thousand acres of reclaimed land for sale as a whole or in subdivisions. Adjoining Santa Monica, near Valdez, from San Pablo Bay, thirty miles from San Francisco. Suitable for dairies or other farming, and citrus, grain, water, cheap transportation by rail or motor. Address: Mr. E. C. Cross, 412 Main street, Stockton.

Connell, Unterkircher, Crawford Undertaking Co., 361 South Grand avenue. Phone 511. Main 511. Lady attendant.

Salt Lake Transfer Co., 217-19 East First st., with branch at 1st and 2nd streets at any point. Both phone 51. 2nd st. office.

Orr & Edwards Co., Funeral Directors. Have moved to their new building, 111 S. corner 10th and Flower. Both phone 51. 1st st. office.

EXPERIMENTS ARE FAILURES.

MUNICIPAL OWNERSHIP PROVES UNPOPULAR IN OMAHA.

City's Market House Is Useless and Called Monument of Graft and Folly—Asphalt Repair Shop Also Described as an Extravagance—The Taxpayers Are Becoming Aroused.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

OMAHA (Neb.) March 15.—The two experiments in municipal ownership that have been made in Omaha have proved such signal failures that Democratic Councilmen who were elected to office last fall on an ownership platform and the Democratic daily newspaper, the World-Herald, are now openly condemning those experiments.

Councilman Brucker, who was elected to office on an ownership platform, has introduced in the Council an ordinance providing that the city either use its municipal power to house for some desirable purpose or tear it down. The market house was built several years ago at an expense of \$12,000 and has stood idle ever since. Regarding Councilman Brucker's ordinance the World-Herald says:

"Councilman Brucker is right, the miserable architectural farce we call a market house should either be used for some desirable purpose or it should be pulled down. It is a shocking monument to the folly and graft of the administration that preceded the present one. Various recommendations for the use of the present building have been made, but nothing has been done. It still remains vacant and repulsive—an eyesore to all who behold it. If it cannot be used as a market house for practical purposes, and if legal reasons prevent its use for other desirable purposes, let it be torn down. It is, however, there is legal reason why it cannot be destroyed or sold. If so, let the first step be taken to give the Council power to do something with it."

It has been clearly demonstrated that the city cannot compel the use of the market house for the purpose for which it was built. There is grave doubt whether it has the legal power to sell or tear down the building or to use it for any other purpose than that for which it was built.

The World-Herald has been an ardent advocate of municipal ownership, and its confession that Omaha's first experiment in this direction has been an utter failure, is a bitter dose for advocates of the fact to swallow. Omaha has a municipal asphalt repair plant. City Engineer Rosewater recently said that it had been the means of saving the city a large sum of money in the last year. Councilman McGovern, who, like Brucker, was elected to office on a municipal ownership platform, has been looking into the workings of the plant and he flatly disputes Rosewater's claim that it has been a money-saver. He declares that the work done by the plant is absolutely worthless and that, instead of costing the taxpayers less than a private contractor would have charged, it has cost them much more.

"Mr. Rosewater says great stress on the fact that the cost of the repairs made last year averaged 71 cents a yard, which is less than the private contractor would have charged. I have been looking over the work of the plant and I find that it is absolutely worthless. Instead of saving money, it has been a money-saver. I was told by an experienced asphalt man that the time the work was being done it would not last ninety days. He was not far out of the way."

Because of the absence of a hospital ambulance from Central Station, Mrs. Martin lay in the rain on a cement sidewalk at First street and Grand avenue last night for half an hour. Citizens endeavored to protect the woman, who was taken ill from the rain by holding umbrellas over her. Other citizens raised at the police. Sgt. McClure did his best to dispatch an ambulance to the place where the woman had fallen, but it was some time before he could get a patrol wagon. The officers vainly tried to explain to grateful citizens that it was not their fault because the Council had not provided sufficient ambulance service.

SELECTION POSTPONED.

Site for Overflow from County Offices Will Be Determined Monday—New Propositions Expected.

Again the Board of Supervisors has postponed decision on a site for the overflow from the county offices. After hearing various building propositions, and concluding to definitely select a place yesterday afternoon, it was finally arranged to wait until next Monday at 2 o'clock.

It developed at yesterday's session that there is a probability that two entirely new propositions will be made to the board before the date mentioned. One of these is for a site on Broadway, between First and Temple streets; the other is a strip of street, about midway between Court and First streets. No details were given yesterday, but it was intimated that either of these might be more advantageous to the county than the other propositions. It was also expected that a new scheme would be submitted by the owners of the International Bank building, the ten-story street structure now being built at Temple and Spring streets.

Still another project, which was advanced by Supervisor Wilson, is that the county put up a temporary building on its own property on New High street, a spot formerly used as a place for the county prisoners to break rock.

Wilson claims that the sum asked as a year's rental for any of the sites proposed would be sufficient to erect temporary quarters, which would answer until the county is in position to build a permanent structure on land adjoining the Courthouse. All the Supervisors agree that this must be done within the next two years.

DICTATORS THROWN OUT.

Plasterers' Union Attempts Hold-up Game and Receives a Hard Jolt.

The Plasterers' Union, No. 360, has decided to "butt in" to the Shriners' auditorium, which is fast nearing completion. The plasterers who do the staff work of which the new structure is to be composed, have decided that, as work is being rushed with all possible dispatch, and that a delay will be embarrassing, they will make demands upon the contractors doing the work that will force them to concede the closed shop.

The union has presented a contract to the contractors, proposing that they appoint a committee of four of their members, the union to do likewise. This committee, according to the proposal, is to have the power to regulate wages, hours, etc. A clause is tacked on, however, providing that the union shall have the privilege of striking whenever it pleases.

As the contractors have been rushed and have had no time to waste, there was an inclination to palaver with the totemists. This lasted but a fleeting day, and the strong, substantial builders started to offend such a feeling. The result is that the totemists will be outside of the auditorium and will not have any opportunity of dictating what the contractors shall or shall not do.

Wissner Pianos 1850

The one aim of this time-honored house has been to work for the highest mark. They have achieved this honor, and were awarded such by His Majesty, Emperor William of Germany (in 1880). It has reached a sphere second to none. In the minds of true musical Americans and others there is no piano that stands so eminently superior as the Wissner. Fifty-seven years have marked the success of this piano that today is the accepted standard of the world, in a class of its own, truly a production of art, a creation of the highest degree of musical worth. We appeal to the lovers of good music and high art to come and see the largest and best selected line of these high grade pianos ever placed on the market in California, as well as many other good and reliable makes. You may have choice from several carloads of these pianos just placed on our ware room floors. Get a Wissner Piano Bank. Free for the asking. Genuine bargains in slightly used pianos of several makes.

ASSISTS IN HOLD-UP.

Butwell's Tale Put
in Prison.

Curious Confession
of Life of Crime.

Will Forget Past
and Be Honest.

He said: "If you don't you will pay for it with your life. Then he drew his gun and threatened to kill me if I did not help him."

"When the man came opposite us Jim stuck a pistol in his face and I searched him. He told me to feel in his back pockets first to see if he had a gun. Then he told me to feel for his belt. I did so and got some money and a few articles from the man. We held him up only a few blocks from where he lived."

"After that Cronin took part in about six hold-ups. He told me about them. He used to do his work about midnight. I knew that he would be caught sooner or later. I tried to leave him several times, but he always threatened to kill me if I went and I knew he would keep his word."

Maudie Butwell is not a "leaky" girl. She did not weep even in the most exciting portions of her story. She does not want to pose in the limelight. She was quite concerned for fear her picture will appear in the newspapers.

Late yesterday afternoon Miss Butwell was released from custody. She is going first to her mother. She says that she will try to forget her past and lead a decent life. She is going to work as soon as she can find employment. She declares she is able to care for her-

The Fashionable Ribbon Tie

A very clever creation for spring wear, a snub model that will be very popular with women this season.

It's made of fine patent calf skin in blucher style, over a new short forepart last. It has a plain toe, turn sole and Cuban heel. A decidedly high class model of the most distinctive character. Price \$6.00.

G. M. Staub Shoe Co.

EMMA BOUTWELL,
yesterday how she assisted James Cronin to commit robbery.

self and that she will remain in Los Angeles.

LOWER CROSS-EXAMINES HER.

James J. Cronin and R. E. Supple appeared before Justice Rose yesterday morning to answer to a charge of highway robbery. Miss Boutwell was the principal witness for the prosecution. As she was telling her story on the witness stand, she was questioned several times by Supple and Cronin. As she finished Cronin whispered: "I want to see you after a while."

Both men were bound over to the Superior Court on a charge of highway robbery with ball fired at \$500 each. They asked to be tried yesterday afternoon and their request was granted as both promised to plead guilty.

When Supple was being led below his little four-year-old boy, with his mother and younger sister, were in court, piped out: "Hello, papa."

Supple broke down completely and begged to be allowed to kiss the youngster. They led him toward his weeping wife and he took the child in his arms. The youngster patted the face of the criminal and struggled to remain with the man who will not see him again until the boy is 19 years old.

Cronin and Supple were taken to the Courtroom and arraigned before Judge Smith. They pleaded guilty and threw themselves on the mercy of the court. Supple's plea for leniency was supported by statements made by his wife and brother, to the effect that he is mentally unbalanced through addiction to drugs and practically irresponsible. Judge Smith ignored this plea and sentenced the highwayman to fifteen years each at Folsom.

Diamond Prices Will Advance

We feel positive that fine Diamonds will continue to
advance in value. In the foreign markets an advance
of 20 per cent. during 1907 is generally predicted.
In the light of past experience, there is no reason
why this should be doubted, but, understand that the
advance is far greater on Diamonds of fine color and
quality than on the general run and inferior stones.

Fine Diamonds are becoming scarcer at the mines,
and those who in the past have purchased of our
stock of Perfect Blue White and Extra White Dia-
monds have not only had the pleasure and satisfac-
tion that the possession of the finest Gems conveys,
but they also have enjoyed the highest rate of profit
which any one has made on Diamonds.

"Your Money's Worth or Your Money Back"

MONDAY

MARCH
25

Around the Store

IS MONDAY, MARCH 25TH, FIRMLY
fixed in your mind as Opening Day for
the Central Department Store? It's to be
a red letter day for Los Angeles shoppers--
exhibition time for choicest spring and Easter
Millinery, costumes, garments, fabrics and
novelties.

The best efforts of the
best buying organization
in California have been
put forth to make this
Opening display a mem-
orable one. Every buyer
is on his toes--each
one claims for his depart-
ment the prize showing in
his line.

AREN'D'S ORCHESTRA WILL PROVIDE
music Opening Day--from 10 to 12
a. m. and from 2:15 to 5:15 p. m. Two
delightful concerts with programmes to suit all
tastes. Pleasant hours are promised for Mon-
day, and the pleasure will be made permanent
because you may purchase what you please.

When the Central De-
partment Store opens
Monday morning, it will
be open for business.
You'll be more than wel-
come to look and visit,
and you'll be just as wel-
come to buy. There'll be
Souvenir Bargains that
you won't care to pass.

THE CENTRAL DEPARTMENT STORE
is planned to meet your every want,
whether you come to shop, to rest or
visit. Every convenience that adds to the
pleasure of shopping; every contrivance that
makes purchasing satisfactory; every improve-
ment that goes to make an ideal store is em-
bodied in this new establishment.

The Central Department
Store is a new downtown
HOME for YOU. Honesty
is its policy; to sell hon-
est merchandise at low-
est prices; to misrep-
sent nothing; a square
deal always.

THE OPENING OF OUR SECOND FLOOR
will unfold to all beauty lovers the most
elaborate display of Easter millinery
and costumes ever shown in California. Ex-
clusive foreign modes are here in great variety,
together with numerous clever conceptions of
foremost American makers.

The appointments of our
millinery, suit and cloak
departments are perfect.
250 feet of plate glass
and mahogany cases--1300
yards of finest carpet--12
large fitting rooms--two
beautiful French rooms--
displays without end.

DAYLIGHT SILK AND DRESS GOODS
departments will greet critical shoppers
Monday with a showing deserving of
highest praise. Every favored fabric is here
and every wanted shade. It's a wonderfully at-
tractive collection and embraces all the desired
weaves and textures for spring and summer
wear.

Daylight filtered through
prism glass floods this
silk and dress goods sec-
tion. 130 running feet of
mahogany counters pro-
vide unlimited space for
showing goods. There
could be no pleasanter
place to choose.

ART LOVERS AND CURIO COLLECT-
ors will welcome the appearance of Sing
Fat Company--San Francisco's famous
Oriental merchants. Sing Fat Company's de-
partment is located on the third floor, where
2500 feet of space is completely covered with
novelties from the Orient. It's an interesting
showing that you'll want to see Monday.

On the third floor, also,
is the photo studio, equip-
ped with all the most
modern appliances. Com-
petent and experienced
artists are here, and
we're sure you'll be more
than pleased with their
work.

FAILS TO RISE TO BITE.

(Continued from First Page.)

Neik give the chaplain a jewel, or some other memento, when he arrives with the luscious sororists—not money on account of the priest's delicacy of feeling.

LOTS OF GOLD FOIL.

With this letter are documents bearing Spanish seals and signatures, bearing certificates of the imprisonment of Manuel Cervera and notification of the official detention of his baggage. Both the letters bear Madrid postmarks and Spanish stamps.

The next letter was from the priest. It announced the death of the Spanish officer in prison. It had a lot in it about the "high tribunal of God."

The priest sends along the last will of deceased, in which the Los Angeles grocer is named officially as guardian and tutor of the "Señorita Pilar Cervera." He also casually mentions that the baggage of deceased is restrained by the Spanish officers and that they may sell the trunks at public auction to meet court expenses. (The priest is not supposed to know about the concealed treasure in the trunk.)

The last letter is also from the supposed priest, who is now in a state of agitation. The Spanish government has said that unless the trunks are redeemed within sixty days, they will be sold at auction to satisfy a claim of \$100.

"Now, dear sir," writes the priest, "as my modest charge which I am fulfilling allows me to live with some decency, only, I have no money to execute this mission which Mr. Cervera charged me with, when dying."

He says that when he gets the trunks redeemed he will, pursuant to instructions of deceased, "take and sell the things and I shall engage them (paw) to get the necessary money for the traveling expenses of Miss Pilar and myself, departing with the restrained baggage."

The priest says naively that as he is engaged in his duties at the prison so constantly, Neik had better send a cable message to his brother-in-law, Arturo Cano.

SHOWS HIS HAND.

It's the old "green-goods" of double addresses to thwart detectives.

The priest adds a funny postscript, which explains the whole scheme.

"I tell you would send the money in bank notes and not in bill of exchanges or checks, because it could call attention to a poor chaplain may recover such a sum and the late Mr. Cervera charged me the greatest secrecy."

He adds the advice to send the bank notes by registered letter, and "deal with five waxes for more security." In another place in the letter he says: "A registered letter with five waxes here is sacred." Evidently five waxes are a signal to the gang.

There is an elaborate system of cable messages that Neik is to send, supposedly to insure the safe arrival of the sororists, but in reality to enlighten the gang of green-goods men.

Neik did not "bite."

COL. GREENE STUDIES PLANS.

Copper King Goes Into the Question of Mansion on His Property in Redlands.

REDLANDS, March 19.—The erection of a handsome mansion on his recently-purchased property near Smiley Heights by Col. W. C. Greene, the copper king of Cananea and Nag York, is now practically assured. Col. Greene has spent a part of today in company with Lyman Farwell, a Los Angeles architect and Hon. K. K. Siley in going over the grounds and discussing the proposed mansion. Mr. Farwell, who is a son of Mr. and Mrs. T. B. Farwell of this city, and the designer of the Henry Fisher and the J. A. Kimberly mansions of this city, has already submitted some plans to Col. Greene, although a final decision has not yet been reached.

It is understood that Col. Greene's new home will be a magnificent one and is keeping with "millionaire's row," where it will be situated. Mr. Smiley, owner of famous Smiley Heights, will supervise the laying out of the grounds and grounds surrounding the Greene mansion. These will contain a wealth of rare and beautiful tropical and semi-tropical shrubs, flowers and trees.

Col. Greene first came to Redlands for an hour's drive last summer in company with Arthur J. Baldwin, his attorney, and a nephew of Mr. Smiley. He was so impressed with the beauties of Redlands that upon arrival in New York, he immediately sent to Mr. Smiley to purchase the original twenty acres of his present holdings, on which he might build a winter home.

VALUE OF ANTITOXINS.

Harvard Lecturer Contributes Information About Their Origin and Progress.

An enormous decrease in the mortality due to diseases like diphtheria and tetanus has resulted from the treatment of them by means of antitoxins.

In stating this fact recently at the Harvard Medical School Dr. Theobald Smith gave an interesting account of the origin and progress of the new remedy.

"Toxins being produced by bacteria in the bodies of animals differ from the toxins of plants and vegetables in the living body can get accustomed to the latter only to a very slight degree, while the toxins of animals can be received by successive injections perhaps 1000 times the dose which, given at first, would have killed it. There is tolerance in the one case, immunity in the other, and those who take the toxins gain immunity."

"Toxins are substances formed during the development of bacteria, most of which can be grown in beef broth or bouillon. When a toxin is introduced into the blood of an animal there appears in that blood a mysteriously formed substance called an antitoxin, which neutralizes the toxin."

"We know very little about the toxins, we do not even know what they are composed of; we know them only through their effect on the living tissue. They are very unstable and are usually destroyed by heat and sunlight; they will stand intense cold and are best preserved in the cold and in the dark."

ZEPHYRS GINGHAMS—In the regular stripes and plaids, good dressy styles; 10c value at, yard 6c

The Steam Engine Marvel of the Age

The Rotary Engine Type that will Revolutionize Steam Power. An Assured Success.

A Fortune in Its Manufacture

Orders Are Now Booked Six Months Ahead of Capacity

CRESCENT ROTARY STEAM ENGINE COMPANY

The Factory at Spokane

Tremendous Profits Assured in the Manufacture of Rotary Steam Engines. Buy Your Shares Now at \$1.50. Saturday Night the Limit at this Low Price.

At last the mile stone, that tells the passing of the experimental stage in every industry, has been passed by the Crescent Rotary Steam Engine. The unparalleled achievements of this wonderful invention in less than two years is unequalled in all the annals of industrial history. First the discovery of correct rotary engine principles. Next its successful application and then the promotion of its capital stock and sale of the product, this has been accomplished in so remarkably short a time, that it is almost beyond comprehension. In other words, this stock has jumped from its birth to the full stature of a giant in the industrial world in almost a night. I am proud to have had so large a part in the development of this epoch-making invention. That this engine is capable of "making good" is proven by the world-wide interest in its manufacture.

The great nations of the earth are seeking exclusive rights of manufacture. The Germans, with their characteristic method, and thorough investigation, were first to seize upon the tremendous importance of this engine in the development of steam power, and as we have brought to your attention before, have signed the final papers, selling these German rights on a royalty basis of \$1.50 for each horsepower used. This contract, on the

most conservative estimate of five hundred thousand horsepower per year, the Crescent Rotary Steam Engine Company would earn the enormous profit of \$750,000 per year from this one source, or, practically the entire capital stock could be returned in dividends to the shareholders each year. Now then, supposing that the English rights belong only the same revenue, and they will be worth very much more, see what a profit possibility there is. We contend that we are very conservative when we say that this stock is worth nearer \$5 per share than \$1.50, the price you can buy at this week only. The above illustration of the factory building at Spokane proves that the company means business. The very best machinery that money can buy has been installed. The manufacture of rotary engines will go handily forward. The earning of profit from the manufacture and sale of the engine alone assures a good big dividend on every dollar you invest. And when I state that the shares in this company represent absolutely the industrial investment on the market today, I am able to prove to your entire satisfaction the truth of such an assertion. There is positively no other great enterprise offering its stock at as low a price, with as much real value back of its enterprise. This is the last week that I can serve you

212 Mercantile Place

Factory in Operation. Get in Now. Enjoy all the Profit. Shares now have an Assured Value of \$5 to \$8.

10 Horse Power Engine.

FIGHTS FIRE WITH RUG.

East Ninth Street Woman Saves Her House, but Sustains Severe Burns.

Mrs. B. Canzone of No. 214 East Ninth street saved her home from destruction by fire last night at the cost of severe burns on the hands and arms.

Attracted by a muffled explosion and the lurid glare in a front room, Mrs. Canzone found that an oil lamp had exploded and scattered burning liquid about the room.

She seized a rug and fought the flames, after calling a warning to other persons in the house.

Owing to Mrs. Canzone's efforts the house was little damaged.

IDENTITIES ASSAILANT.

Maximo Gonsales was identified by T. Silva yesterday at the County Hospital as the man who stabbed him at a fight at Twentieth street and Compton avenue some days ago.

Gonsales was captured in Carpinteria near Santa Barbara two days ago. In a fight at Twentieth street and Compton avenue about a year ago Silva sustained fourteen stab wounds in the back. The fight was the result of a dispute over a board bill. Because of the first stabbing affray, the second one occurred. Silva is in a critical condition.

SAYS HE LIED.

G. V. Cox of No. 424 Clarence street called at Central Station yesterday and confessed that the hold-up he had reported was a fabrication. In a signed statement, he declares that he was not robbed at First and Los Angeles streets Sunday morning, but gave out the report to account for the absence of \$40 which he had spent for drinks.

MR. JAMES AUSTIN LARSON,
212 Mercantile Place, Los Angeles, Cal.

Dear Sir—Please reserve me shares of Crescent Rotary Steam Engine Co. stock at \$1.50 each, for which please enclose \$ You may prorate my order if amount is over-subscribed.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

AUTO HITS CAR AND SMASHES.

AT LIVELY PACE THEY COLLIDE IN PASADENA.

Villa Street Property Owners Ask to Have Proposed Paving of That Thoroughfare Between Los Robles and Fair Oaks Avenues Abandoned. Summit Place Protest Disregarded.

Office of The Times, No. 28 S. Raymond Ave.

PASADENA, March 20.—An automobile and an electric car came into collision on East Colorado street in front of the southern Pacific depot last night with rather disastrous results. Several people had narrow escapes and both the car and the machine were considerably damaged.

The auto, which belongs to Louis Dietz, was headed east while the car was coming from the opposite direction. Chauffeur Leslie Conrades was at the wheel of the auto. Both machines and car were coming along at a lively pace, when, without warning, the wheels of the automobile skidded and with a crash it ran against the oncoming car. There was a short burst of sparks flying in all directions as the machine climbed up the front of the car and several people barely escaped receiving serious cuts.

The auto, a heavy touring car, was equipped with a glass wind shield and as this was shattered the driver was struck with the splinter. He instinctively ducked his head, however, and thus protected his face. He received one or two minor scratches, however. The hood, radiator and lamps of the auto were smashed into scrap iron and the engine was put entirely out of commission. The only thing that kept the accident from being more serious than it was, was the fact that the machine was running up a steep grade and did not, therefore, have the momentum which it would have had on level or down-hill course.

The nature of the crash brought a crowd into the street and for a few minutes there was lively excitement. Greatly exaggerated reports of the mishap were wafted about and the police in downtown offices were kept busy for some time afterward answering questions from the outside.

More objection to street improvements materialized at the Council meeting yesterday morning when a petition was presented by property owners on Villa street between Los Robles and Fair Oaks avenues asking that the proposed paving of the street be abandoned. A formal protest was filed and, as the law demands, the duly authorized committee on streets and alleys was called upon to take action.

There appears to be the same difference of opinion concerning Villa street that is to be found elsewhere in the city. Hardly a street has been improved without more or less opposition on the part of many of the land owners and the Council has had to assume the role of arbitrator on several occasions. There is promise of more or less of a fight on Villa street as there are many people who are anxious to have the proposed paving done at once and they will not yield to the petitioners who are hopelessly outnumbered by the opposition.

Residents of Maple street were also on hand to protest against the opening, widening and improving of the street. This protest was also referred to the Committee on Streets and Alleys to take action.

The protest against the improvement of Summit Place was disregarded and the work ordered to be done on the original petition. This action was taken on the recommendation of the Committee on Streets and Alleys, which looked into the matter carefully since it was first referred for action. The improvements will be undertaken at once.

DEATH ACCIDENTAL.
The coroner's jury, impaneled to investigate the death of John Coronado, the Mexican cement worker killed by a Santa Fe train at the Bellevue-avenue crossing, Sunday night, brought in a verdict of accidental death. There appeared to be no one in particular to blame for the accident and no recommendation was made by the jury. Treatment was given to the victim at the time of the accident testified that the locomotive, which was running backward, was providing with the usual light and that he was not aware of the distance and speed of the oncoming train and had tried to beat across the tracks. The engineer testified that he was running at a speed of not to exceed twelve miles per hour.

TWO BURGLARS.
Midnight prowlers, who have been rather quiet of late, broke loose again last night and entered two homes in Pasadena. The first place entered was that of J. B. Nichols, No. 84 East Ocean Grove avenue. Here the only loss was 30 cents in change, the only thing that was taken being a small amount of jewelry. Later the home of Frank May at No. 59 North Madison avenue was entered and \$15 in money and a draft for \$200 taken.

It is supposed that two men turned the games, one of them keeping watch while the other worked. The quiet manner in which they left and covered up their trails it is thought that professionals were responsible for the jobs. They left no clues and the police have a tough proposition to face in ferreting out the culprits. It is thought that they must have driven out from Los Angeles and, when their work was done, returned in the same way.

GOOD FOR FLOWER SHOW.
Rain, which has threatened for several days, began falling early yesterday morning and by 6 o'clock in the evening the total precipitation amounted to .51 inch. This brings the total for the season up to 2.16 inches. The rainfall continued steadily throughout the day, though at no time was it heavy, most of the time being little more than drizzle.

In Altadena the fall was somewhat heavier, but no record for the day's precipitation was kept. Considerable water came down from the foothills, however, and the gutters in the city were fairly full of water. The rains came at a propitious time as far as the gardens are concerned and are considered conservative evidence that the coming flower show will be a success.

SOCIAL ITEMS.
Mrs. Charles C. Bragdon of No. 75 North Grand avenue was the hostess yesterday at an elaborate luncheon given in honor of Mrs. Smith of Flint, Mich., who is the house guest for the winter of Mrs. E. J. Eddy of South Euclid avenue. The luncheon table held as its centerpiece a low

basket of white fleur de lis and maidenhair fern. Small baskets of the delicate fern were at each plate and the place cards were decorated with the guest names wreathed in ferns. Covers were laid for Mrs. William Douglas Turner, Mrs. Philip Webster, Mrs. Theodor Coleman, Mrs. Carter Harrison, Mrs. A. J. Libby, Mrs. Smith, Mrs. Bragdon and Miss Hansome.

Mrs. Theodor Coleman of No. 215 South Madison avenue, and Mrs. Frank E. Burnham were the hostesses yesterday at a large luncheon given in honor of their sister Mrs. Charles H. Wells of Oak Park, Ill., who has been spending the winter here. Mrs. Wells will leave in the latter part of next week for her home, and the luncheon took the form of a farewell. For the decorations silver vases filled with ferns and flowers were used. The favors and place cards carried out the St. Patrick motif. The luncheon was progressive, the next after each course, and this novel plan was the means of furnishing spice to the flow of conversation. At the luncheon the guests adjourned to the wide veranda and each wrote a verse on a tiny sheet of paper in the form of a diamond. These were later bound and presented to the guest of honor.

Miss Gertrude Post gave a pretty luncheon yesterday afternoon at Hotel Green yesterday, complimentary to several of her eastern school friends, who have married and come either to Los Angeles or Pasadena to make their home. Covers were laid for eight and the table was ornate with purple fleur de lis and asparagus plumes. A hot dish afforded some amusement. To each place card was attached a violet satin ribbon which carried the name of the guest. When the ribbons were drawn cards were found attached bearing a question, which each guest was obliged to answer in two words, beginning with her own initials. Souvenir presents were provided with each card. Those present were Mrs. M. M. Packham, Curtis, Jocelyn and Miss Menefee from Los Angeles, Mrs. Junius Post, Miss Lawrence and Miss Main of Pasadena.

The members of the Tuesday Afternoon Bridge Whist Club were entertained yesterday afternoon at the home of the former at No. 545 East California street.

Mrs. A. T. Newcomb and Miss Stratton of No. 41 South Marengo avenue entertained yesterday afternoon with a card party at their home. Present were Mrs. George Ramsey of Chicago, who is spending the winter at La Salle, and Miss Lawrence of Chicago, who is spending the winter at the Shakespear Clubhouse tomorrow afternoon.

The Madison Child Study Circle will meet this afternoon at 3 o'clock in the kindergarten building. Mrs. Frank of Los Angeles will be the speaker of the afternoon. Will take as her subject, "Woman's Relation to Life."

The members of the music section of the Shakers Club will give a musical this afternoon at the club house, an unusually good programme is promised.

Miss Evelyn Andrews of No. 724 St. Johns avenue entertained last evening in honor of her fourteenth birthday anniversary.

GETS POSTOFFICE JOB.
Ocean Park Editor Received Word That His Commission is on the Way.

OCEAN PARK, March 19.—Charles E. Lovelace, editor of the Evening Journal, in receipt today of a telegram from Assistant Postmaster General Hitchcock, announcing that his commission as postmaster of Ocean Park had been mailed on March 18. The document is due to arrive here tomorrow. Lovelace is expected to be the official transfer of the office will be made without further delay. The new postmaster is the editor of the Journal since its founding three years ago. He came into the West from Huntington, Ind., is prominent in the business circles, and is a member of the United States American War Veterans.

The feature of the meeting was the payment of the assessment for the construction of the board walk on the beach. The assessment was paid by the Chamber of Commerce that the time for protest has long since passed. A. J. Meyers secretary of the Chamber of Commerce, who is of the opinion that in so much as the city owned the beach between the walk and the ocean, the municipality should be assessed for the improvement.

OCEAN PARK BRIEFS.
The City Trustees at their meeting last night elected Willard C. Chesle City Engineer, to succeed C. H. Chesle, who recently resigned.

The business men of Windward avenue, and completed the organization of the Business Men's Protective Association of Ocean Park. A. E. Huff was elected president and C. A. Meyers secretary. The object of the organization is the promotion of the best interests of the beach, mutual protection and sociability.

Coronado rates always reasonable.

PULL NOW FOR BONDS.
Citizens of San Dimas School District Authorize Trustees to Call an Election.

SAN DIMAS, March 19.—An enthusiastic mass meeting was held in the school house last night, at which Daniel Durkee presided. The object of the gathering was to discuss the best steps to be taken to solve the present school problems. The population of this town has grown to such an extent that there is no longer sufficient accommodation for the pupils of the grammar school.

Twice the trustees tried to float bonds for the erection of a new schoolhouse, but each time they have been defeated. Last night, however, was a different matter. The trustees were instructed to call an election for the issue of \$20,000 worth of bonds, and a committee consisting of H. H. Kinney was appointed to confer with the trustees on the matter.

The feature of the meeting last night was the opposition of E. W. Shuler, who is said to aspire to the office of sheriff of the new county. Shuler has a number of children and has worked actively to defeat the issue of bonds heretofore.

See Coronado and be happy.

BURGLAR TAKES COSTLY ROBE.

ENTERS LONG BEACH HOUSE IN FAMILY'S ABSENCE.

Also Carries Away a Lot of Jewelry—Is Believed to Have Still Been in the Building When the Occupants of the House Returned from a Concert.

LONG BEACH, March 19.—A burglar entered the home of E. H. Sanford, No. 461 East Fourth street, last evening; but the fact was not learned until he had disappeared with a three-quarter length seakink coat valued at \$100 and \$200 worth of jewelry.

The family were at the Auditorium concert when the burglar entered the house, forcing an insecurely-fastened back door.

A rear bedroom was looted; but valuable articles of silverware in the dining-room and parlor were not disturbed.

Mr. Sanford is in Tonopah, Nev., where he has extensive lumber interests. The morning after the burglary was taken into custody near the Watson ranch. He stoutly denied that he knew anything of the burglary and was finally released.

PAINT MAN DISAPPEARS.
Ed Kline of this city left his home in the Seary tract Sunday evening, March 18, and has not been heard of since, save through a letter, written to his wife and received today, in which he said that he had left her for good and asked her to forward his clothing to him in Los Angeles, where he was about to go to the express office and get the package.

Kline has been a partner of J. T. Ferguson in the painting business at No. 241 East California street.

Long Beach two years ago, and to all appearances, has since been prospering. In police records he is listed as wife and one son, Harold, aged 13 years, practically destitute, for which title home is mortgaged for one-half its value.

Mrs. Kline says that on the Sunday afternoon that he left, he told her that he was about to go to the express office and get the package. She never saw him again. No one seems able to account for the man's strange disappearance, and it is feared that he is somewhere in the city.

Mike Dantu, an employee of the Long Beach Automobile Company, today believes that he narrowly escaped falling victim to two highwaymen at an early hour of this morning. He escaped by reason of his powers as a heavy hitter, for he knocked his assailants out. Dantu was called to Watts last night to make repairs on an automobile. He left the machine at 11 o'clock, but it was late in the night before he started home. At eleven and a half miles away, he was stopped and the chauffeur found that he had disarranged an electric switch with his foot. He jumped from the car, but was held by the man, who was a rough-looking stranger. Dantu struck at the fellow with the crank he had in his hand, and he turned to jump into the machine, a man, evidently the first one of the pair, rushed at him, but just in time to catch a staggering blow from the crank. Without waiting to investigate the damage he had done, Dantu dashed away in his machine.

QUARTERS FOR CHAMBER.
There seems little likelihood that the Chamber of Commerce of this city will secure quarters in the depot building at Ocean and Pine avenues, used until the sewer question was decided by the Board of Public Works, "and I do not believe we should decrease the size of our station by two-fifths, for it is really large enough as it is in summer."

LONG BEACH BRIEFS.
District Deputy Grand Juror Ruler John F. Phelan, who is on duty, visited the ledge in this city last night to assist in preparation for the carnival to be held here during the latter part of the month. The carnival has been made with Ellen Beach Yaw for one night during the carnival, which is expected to be one of the events of the season.

Mrs. John Wadsworth of Pasadena died last night at No. 1012 East Ocean avenue. She was 72 years of age and had been ill for some time.

Lillian B. Bacon, 12-year-old daughter of G. W. Bacon, died last night at the hospital. She had been ill for some time.

The Sacramento delegation of the National Educational Association, which is soon to hold its annual convention in Los Angeles, to include a Venice day in its program of entertainment for the thousands of visiting delegates. These are coming from every State in the Union and the city will be the scene of one of the most important social events of the year.

EMPLOYEES ENTERTAIN.
Pleasing Function of Social Nature in Venice—Hope to Draw the N.E.A.

VENICE, March 19.—The employees of R. A. Myers, grocer, entertained their chief this evening at a banquet. The occasion was the celebration of the anniversary of the birth of Mr. Myers, and thus was another lovefest added to those delightful affairs for which Venice is rapidly gaining a reputation that is the envy of other beach resorts. St. Mark's Cafe was the scene of the celebration. The menu was printed on paper sacks, to which were attached strings of blue and white of pale blue baby ribbon. The "eat, drink and be merry" feature of the evening contained such appetizers as "fresh oysters out of the can," "soup a la hydrant," "Dr. R.A.M.'s spring remedy," "Dango red hot," "egg salad," "congealed milk" and "chickadee."

WHAT CHAMBER DID.
At the meeting of the Chamber of Commerce last night it was decided to extend an invitation to the National Educational Association, which is soon to hold its annual convention in Los Angeles, to include a Venice day in its program of entertainment for the thousands of visiting delegates. These are coming from every State in the Union and the city will be the scene of one of the most important social events of the year.

Arrangements are being made for a celebration in honor of the anniversary of the birth of President Lincoln. On this occasion the Auditorium will be used, and there will be speaking by noted orators, and music. The several Illinois societies of Southern California are to be invited to participate in the celebration.

A delegation from Toyanga Canon was invited to meet with the commercial body on next Monday evening for the discussion of the plans for securing the establishment of a postoffice near the mouth of the canon for the purpose of supplying the mountain settlers. It is to be decided whether the mail up the beach in a launch, if such plan is found to be feasible.

A committee was appointed to confer with the trustees of the State Normal School relative to learning the location of that institution might be secured for Venice. This committee consists of Messrs. Kinney, Daly and Wilkins.

Messrs. Stanwood, Braden and Braden were in the city yesterday to confer with the City Trustees relative to securing the passage of an ordinance regulating the price to be charged for gas and electricity. The discussion of this question brought out the general opinion of the residents of the city that the price is being overcharged, and are entitled to some protection.

CANAL CITY RIPPLES.
The harbor banquet and lovefest of Sunday evening proved such a delightful affair that another like blending of congenial spirits is being arranged for Thursday evening at the St. Mark's. On this occasion, as directed by the former one, the Venice slogan will be: "If you can't boost, don't brag."

TEA.
Both wine and tea make talk, but not both make wisdom.
A Schilling & Company San Francisco

being installed. If the flow is as heavy as present developments indicate, there will be no reason to go deeper and the hole will mark the discovery of new water-bearing lands.

Two days Gymkhana at Coronado.

MONROVIA.
MONROVIA, March 19.—Three of the great forces in nature are contending before the Board of City Trustees for supremacy—electricity, steam and gas. The board has been equally divided, so far as the permanent improvement at the pumping station was concerned, between gas and steam. Electricity was not in at the start, but it promises to loom up at the end.

The Board of Trustees was in session last evening, and while the proposition was to go to the Superior Court to have his publication declared a nuisance, the engineer of the Edison Electric Company was on hand ready to submit propositions, and to answer questions.

SAWTELLE.
SAWTELLE, March 19.—Editor Scullin of the Sawtelle Sentinel says the present action in the Superior Court to have his publication declared a nuisance of general circulation within the eye of the law is to lead to further litigation.

Heretofore his opponent has been the woman who is his competitor in the same business at Sawtelle, and then comes the city of Los Angeles. Sawtelle took up the battle against him he decided to defend himself. Among those who are opposing Scullin and are presumed to be furnishing the sinews of war in the present action are Freeman Peaslee, Corwin Phelps and Oliver W. Thatcher.

Long distance auto race at Coronado.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Is acknowledged to be the most successful remedy for the country for those painful ailments peculiar to women.

For more than 30 years it has been curing Female Complaints, such as Inflammation, and Ulceration, Falling and Displacement, and consequent Spinal Weakness, Backache, and is peculiarly adapted to the Change of Life.

Records show that it has cured more cases of Female Ills than any other remedy known.

Lydia E. Pinkham's Vegetable Compound dissolves and expels Tumors at an early stage of development. Dragging sensations causing pain, weight, and headache are relieved and permanently cured by its use.

It corrects Irregularities of Menstruation, Weakness of the System, Pains in the Back, Stomach, Bloating, Nervous Prostration, Headache, General Debility, also, Dizziness, Faintness, Extreme Lassitude, "Don't care" and "want to be left alone" feeling, Irritability, Nervousness, Sleeplessness, Flatulence, Melancholia or the "Blues." These are sure indications of female weakness or some organic derangement.

The several cases of the mother-in-law Lydia E. Pinkham's Vegetable Compound is a most excellent remedy.

Mrs. Pinkham's Standing Invitation to Women
Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years. For a full and complete list of ailments cured by Lydia E. Pinkham's Vegetable Compound, send a card to the publisher, The Little, Brown & Co., Boston, Mass. This card is a well qualified to guide sick women back to health. Her advice is free and always helpful.

Notice of Sale
OF THE STATE NORMAL SCHOOL LANDS AND BUILDINGS AT LOS ANGELES.
Notice is hereby given that the Board of Trustees of the State Normal School at Los Angeles, California, will sell said lands and buildings thereon of the State Normal School situate on the Southwest corner of Grand Avenue and Sixth Street in the City of Los Angeles, California, which said lands are particularly described as follows, to-wit:
Commencing at a point in the West line of Grand Avenue, formerly Charity Street, Three Hundred (300) feet Northwesterly from the intersection of the North line of Sixth Street with the West side of Grand Avenue; running thence Northerly following the West line of Grand Avenue, Three Hundred (300) feet; thence Westerly and parallel with Sixth Street, Five Hundred Seventy-eight (578) feet; thence Southerly at right angles to Sixth Street, Three Hundred Ninety (390) feet; thence Easterly parallel with Sixth Street, Five Hundred Seventy-eight (578) feet to the place of beginning, and being the property formerly known as the Bellevue Terrace, together with the buildings thereon, and known as the State Normal School Buildings and property.
Said sale will be made at Public Auction, at the hour of 10 o'clock a. m., on Saturday, the 6th day of April, A. D. 1907, at the Grand Avenue Entrance (main entrance) of said State Normal School Building.
Said lands and buildings will be sold to the highest bidder and the terms of said sale will be cash, ten (10%) per cent. of amount of bid, to be paid immediately on acceptance of bid, and the balance within thirty (30) days of delivery of deed, and confirmation of sale by said Board, and no offer or bid will be accepted of less than Five Hundred Thousand (\$500,000.00) Dollars, and said Board of Trustees reserves the right to reject any and all bids and offers, and also reserves the right to continue the day of sale from time to time, and as many times as in their judgment may be necessary, and also to appoint another day or days of sale, and to publish notice thereof, until the said lands and buildings shall have been sold, but said lands and buildings will be sold as a whole or as one lot and parcel, and at one price of not less than Five Hundred Thousand (\$500,000.00) Dollars.
Said Board will furnish a certificate of title showing the title to be sold, and perfect, and will cause to be executed and delivered to the purchaser a good and sufficient deed of conveyance of said lands and buildings in the usual form of grant, bargain and sale.
And as further terms and conditions of said sale, said Board reserves the right of possession of said lands and buildings for the use of said Normal School until July 1, 1907, and the successful bidder will be required concurrently with the delivery of deed to execute and deliver to said Board of Trustees a lease of said lands and buildings for the use of said Normal School for the term of one year, commencing July 1, 1907, and ending July 1, 1908, at the monthly rent of Twenty-five Hundred (\$2500.00) Dollars per month to be paid monthly in advance, said term according to law.
Said sale will include only said lands and buildings, and said Board excepts and reserves from said sale all furnishings and fixtures, a list of which is included in the resolution and minutes of said Board directing this sale, and for further particulars regarding said sale reference may be had thereto.
Said sale will be made pursuant to the Act of the Legislature of California authorizing and directing such sale.
By order of the Board of Trustees of the State Normal School at Los Angeles.
Attest:
JOHN WASSON, President.
J. F. MILLSPAUGH, Secretary.

(Seal of Board)
NOTICE OF ASSESSMENT.
California-Mexico Land and Cattle Company.
Location of principal place of business No. 201 New High Street, in the City of Los Angeles, County of Los Angeles, State of California.
Notice is hereby given, that at a meeting of the Directors, held on Saturday, the second day of March, 1907, at 2 o'clock p. m., an assessment of Ten Dollars per share was levied upon the capital stock of the corporation, and the same is due and payable on or before the third day of April, 1907, to the Secretary of the corporation at the office of the corporation at No. 201 New High Street in the City of Los Angeles, County of Los Angeles, State of California.
Any stock upon which this assessment shall remain unpaid on the fourth day of April, 1907, will be delinquent and advertised for sale at public auction, and, unless payment is made before, will be sold on the twenty-fifth day of April, 1907, to pay the delinquent amount together with costs of advertising and expenses of sale.
D. O. ANDERSON, Secretary.
Office: No. 201 New High Street, Los Angeles, California.

SEALED PROPOSALS will be received at office of Treasurer Pacific Branch, H. D. V. B., Soldiers' Home, Los Angeles, California, until 12 o'clock, P. M., April 4, 1907, and then opened, for Receipt Supplies, in accordance with instructions and specifications, copies of which, with blank proposals and other information, may be had upon request.
